Subject: Support for Zionsville Historic Preservation Commission

Hello, Amy.

We would greatly appreciate you forwarding the following to the Town Council Members. Thank you for your time and assistance.

_____

Town Council Members,

We are in favor of the proposed Historic Preservation Ordinance and encourage you to adopt this and get a Commission in place as soon as possible. The Village is being adversely impacted by the rapid destruction of our older homes. They have value and should be recognized and protected.

Thank you,

Brad and Kathryn Gibson
