Dear Amy:

Please ensure the following letter is added to the record for the upcoming Town Council meeting,

Our names are David and Cindy Madrick and we have lived in Colony Woods for 25 years. We are writing to ask that you vote YES to the bond issue to purchase and build out of Phase 1 of the Carpenter Nature Preserve. We understand that for the average home-owner (with a $300,000 home) the cost will be approximately $20 a year or $10 per half (that doesn't even buy 2 lattes!) The cost, which most people will not miss - is easy math for the for the benefits of this unique and one-of-a-kind nature preserve. We are very supportive of bringing this beautiful piece of property into our park system. This is a significant opportunity for our town and will certainly attract residents, businesses and visitors – a win for everyone! Thank you for your consideration.
