4. REQUEST TO SPEAK

Zionsville resident Craig Triscari spoke in opposition to the approved VanTrust project, stating that VanTrust had failed to run eight-inch water line into Saratoga Springs as promised and was still in violation of the commitment letter to the Town. Mr. Triscari said that the company was also in violation of an agreement pertaining to tree sizes along the berm, stating they failed to comply with a commitment to an eight feet height of the evergreen trees. Citing the tax abatement application on the current agenda for MWI Animal Health, he expressed disagreement with the abatement and what he said was a loss of revenue on it and previous abatement agreements. He urged the Council to correct what he referred as tax giveaways. He also again expressed displeasure at what he felt to be the absence of services or funding provided by the Town of Zionsville in Perry Township and the rural community. Referring to a letter he received from Mayor Styron, he thanked her for reaching out to address the issues plaguing the community but declined her invitation of discussion in the park and asked what would be done to make a damaged community whole again and what would be done to follow the comprehensive plan. Mr. Triscari also said that homeowners should request a reduction in property tax due to what he felt were the lack of services, lack of adherence to the comprehensive plan by the Town of Zionsville and what he felt to be reckless development in the area. He concluded by again referring to VanTrust's failure to run eight-inch water lines in Saratoga Springs.

5. OLD BUSINESS

There was no old business to discuss.

6. NEW BUSINESS

A. ORDER OF DEMOLITION FOR ALL STRUCTURES/ CONTINUOUS ORDER OF ENFORCEMENT - 4075 SOUTH 875 EAST (**PUBLIC HEARING**)

Director of Planning and Economic Development Wayne DeLong presented the Order of Demolition/Continuous Order of Enforcement explaining that the matter of the demolition of 4075 South 875 East property had come before them previously this year but that it was coming back to them for the creation of the Continuous Order. He explained that the Continuous Order was necessary for the Town to facilitate the recoup of costs associated with the demolition from the owners of the property. He noted that this was a Public Hearing and that Notice had been provided and certified mailings were sent to the property owners. Director DeLong answered questions from the Council.

With Proof of Publication noted and displayed on his screen, President Garrett opened the Public Hearing.

With no public comment, President Garrett closed the Public Hearing and called for any further questions from Council.

Director DeLong answered further questions from the Council.

REQUEST TO SPEAK (Continued)

At this point in the meeting, after having noted that he had seen her hand raised belatedly during the Request to Speak agenda item, President Garrett took this opportunity to allow Zionsville Chamber of Commerce Executive Director Allyson Gutwein to speak.

Ms. Gutwein expressed her appreciation for the support of the Town Council and the Town, stating that the working relationship allowed this year's events like Night on the Bricks and the Rainbow Hope Tree. She discussed the Keep the Lights On campaign, which generated income for local businesses in a time when it is most needed. Ms. Gutwein went on to say that on behalf of local small business Chamber members, the Chamber contacted local, state and federal officials for direction and assistance with grants available due to the COVID-19 crisis. She said that because of a matching grant from the Zionsville Chamber of Commerce Board, including Councilor Choi, member businesses were able to make videos to assist with marketing and the Chamber was able to award grants to the Boys and Girls Club and the Watch Us Farm organization as well.

She announced that the Zionsville Chamber of Commerce was the recipient of the ICEA Excellence in Communication award and that the Chamber has launched a new one-stop shop

website, shop@zionsvillechamber.com, to generate increased virtual traffic and business and visibility for local shops.

She explained why increased marketing and visibility and events like Brick Street Market and Christmas in the Village are even more necessary now due to the potentially devastating financial effects of the pandemic.

Ms. Gutwein concluded by emphasizing how critical continued partnership with the Town Council and the Town is to allow local business to stay supported, viable and visible during this challenging time.

B. AN ORDINANCE ESTABLISHING A DEPARTMENT OF PUBLIC WORKS AND CREATING THE POSITIONS OF DIRECTOR OF PUBLIC WORKS AND DIVISION SUPERVISORS (FIRST READING)

Ordinance 2020-09

Deputy Mayor Julie Johns-Cole began the presentation by sharing the Power Point presentation on her screen.

Mayor Emily Styron introduced Ordinance 2020-09 and the concept of the proposed Department of Public Works (DPW). She explained that the proposed DPW would blend services provided by the Street, Stormwater and Wastewater Departments, as well as add a new Engineering Division. Mayor Styron went on to emphasize that the Department of Public Works would enable staff to build internal efficiencies, reduce reliance on contracted services and increase the capacity to problem solve larger infrastructure issues before they become service provision problems. She stated that Street and Stormwater Superintendent Lance Lantz would head up the department.

Superintendent Lantz continued the presentation, first noting that passage of this Ordinance would not immediately place individuals in new positions but would create the framework to allow the Mayor to do so. He went on to explain that this type of restructuring had been contemplated before and specific language was incorporated into the Reorganization 2.0 Resolution 2014-11 to allow the Town Council, upon recommendation from the Mayor, to eliminate Town departments, combine Town departments and create new Town departments. He stated that the intent at that time was to eventually go to a cohesive DPW and said it was common practice in most cities.

Superintendent Lantz gave some background and an overview of the proposed DPW, emphasizing that the Town could save money as it grows by consolidating and building talent in-house rather than outsourcing.

He went on to identify six (6) Town areas servicing the core infrastructure needs: Streets, Stormwater, Wastewater, Facilities Management, Right of Way Management and Environmental Stewardship. Before presenting the proposed DPW structure, he explained that the Department would serve as the face of all those core areas.

Superintendent Lantz detailed the structure on the organizational chart, explaining that the existing departments would become divisions and those heading up those divisions would become Division Supervisors rather than Department Heads.

He highlighted the addition of an Engineering Division to the structure of the DPW. Stressing the importance and added value the new division would bring, he emphasized the benefits of an in-house engineering staff, citing cost savings, improved efficiency, improved response times, increased capacities, and improved overall customer service.

Superintendent Lantz said that added staffing would be subject to funding approval by Town Council, but that he was hopeful that this structure could be achieved quickly. He concluded by expressing his enthusiasm for the proposed creation of the DPW and the opportunity to create a legacy of what he believed to be orchestrated, purposeful and efficient governance for the Town.

Superintendent Lantz and CFO Tammy Havard answered questions from the Council. Discussion followed.

President Garrett said that he felt that, with all the questions remaining and with the upcoming Budget Workshop still to provide more information pertaining to the DPW, the consideration of Ordinance 2020-09 should be continued to the September 21, 2020 meeting.

Superintendent Lantz clarified that this vote would just be to introduce the Ordinance and not to approve it. He said it might be advisable to vote on the introduction at the current meeting. Attorney Heather Willey recommended that Council wait for the next meeting to do so, as the follow up questions and information might result in revisions to the Ordinance in its current form.

When asked by Councilor Choi if there were an urgency in having the first reading approved today, Mayor Styron said they wanted to make sure that every Council member had all their questions answered and all of the data in front of them to in order to make an informed vote and would not object to deferring the vote until the next meeting.

COUNCIL ACTION: President Garrett moved to continue consideration of Ordinance 2020-09. Councilor Plunkett seconded the motion.

Ms. Lacy took a roll call vote:

C. A RESOLUTION DECLARING AN ECONOMIC DEVELOPMENT AREA AND APPROVING AN APPLICATION FOR PERSONAL PROPERTY TAX ABATEMENT (MWI ANIMAL HEALTH)

Resolution 2020-12

Director of Operations for MWI Animal Health Tom Wakefield presented Resolution 2020-12, explaining that the company has been located in Whitestown in a 70,000 square foot building for approximately ten years. Due to the tremendous growth of the company, he said they are planning to locate what will be a building two times that size in Zionsville. He stated that this would be an initial \$6m capital investment which would move 175 jobs to Zionsville with fifty of them being new over the next eight to ten years with an average wage of \$18.00 per hour.

Mr. Wakefield answered questions from the Council.

In response to a question from Councilor Plunkett regarding the different structure of the tax abatement schedule, President Garrett clarified that this was a personal property abatement rather than the standard property tax abatements considered on other projects in the past.

Councilor Choi commented that these kind of tax abatements are meant to make Zionsville competitive, to attract businesses to the Town and are not a “tax giveaway”. Leslie Wagner of Ginovus stated that without the support of the tax abatement by the Council and the Town, this project may not have happened.

COUNCIL ACTION: President Garrett moved to approve Resolution 2020-12. Councilor Plunkett seconded the motion.

Ms. Lacy took a roll call vote:

ROLL CALL VOTE:

PRESIDENT GARRETT	Yea
VICE-PRESIDENT TRAYLOR	Yea

COUNCILOR MELTON	Yea
COUNCILOR PLUNKET	Yea

7. APPROVAL OF CLAIMS

President Garrett reminded Councilors that a revised Claims register had been sent which included a payment to the Zionsville Chamber of Commerce for reimbursement for expenses associated to the Night on the Bricks events. Vice President Traylor confirmed these were additional expenses not anticipated before the pandemic.

CFO Tammy Havard answered Councilor Plunkett's questions regarding funds for COVID related items and responded to his observance that, at the current rate of spending, legal fees would be overspent by October.

COUNCIL ACTION: President Garrett moved to approve claims as presented. Councilor Burk seconded the motion.

MEMORANDUM

TO: Town of Zionsville Town Council
FROM: Wayne DeLong, AICP, CPM, Director of Planning and Economic Development
RE: Vacation Request of public rights-of-way (streets and alleys) located within a portion of the platted Town of Hamilton (formerly Clarkstown).

History

The Petition for Vacation was submitted by Henke Development Group, LLC (“Petitioner”). The Petitioner is the developer of Holliday Farms and a portion of Section 4 of Holliday Farms overlaps a portion of the platted Town of Hamilton (formerly Clarkston). The original Plat the Town of Hamilton (formerly Clarkstown), establishing the lots, public streets, and public alleys, was recorded on February 23, 1838 (see Exhibit 2). The only remaining portion of the recorded Town of Hamilton is the area included in this Vacation request.

Analysis of Current Request

The request to vacate portions of public rights-of-way (streets and alleys) located within a portion of the platted Town of Hamilton (formerly Clarkstown). According to Indiana State Law, the authority to Vacate a Public Way is delegated to the Town Council. A related Vacation Petition to remove the remaining lots and any Covenants, Conditions, and Restrictions from the recorded Plat has been filed and is scheduled to be heard by the Plan Commission at their meeting on September 21, 2020. State Law gives the authority for the vacation of platted items to the Plan Commission.

The public ways to be vacated do not affect any property which will not be incorporated into the development of Holliday Farms (see Exhibit 3). The submitted Vacation Petition and supporting documentation was distributed to the Town’s departments and members of the Technical Advisory Committee (including utility providers) for their review and comment. No concerns or objections were expressed by any department.

Staff is in support of the Vacation Petition to vacate public rights-of-way (streets and alleys) located within a portion of the platted Town of Hamilton (formerly Clarkstown).

If there are any questions as to the content, please do not hesitate to contact our office.

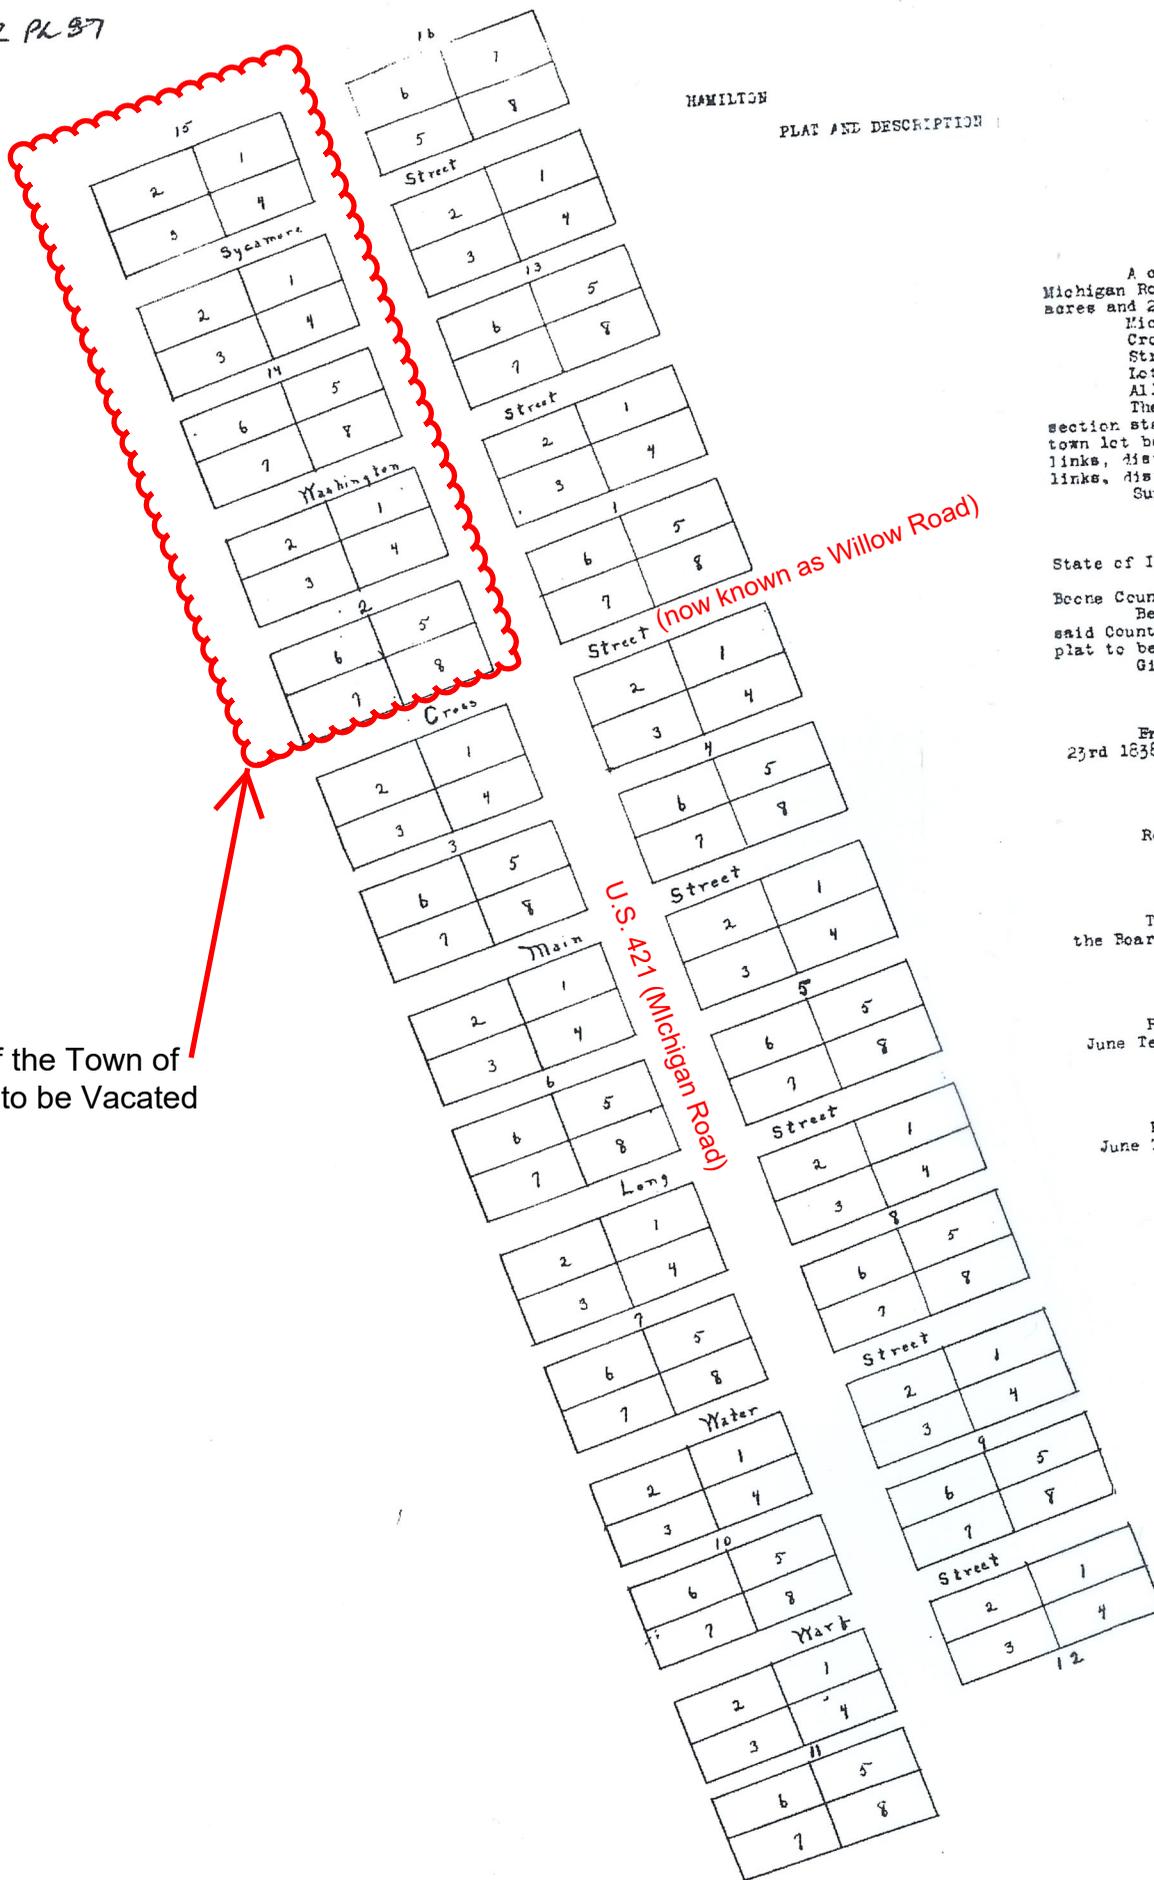

Respectfully submitted,

Wayne DeLong, AICP, CPM

Within drainage easements, no structure, planting or other material shall be placed or permitted to remain which may change the direction of flood or drainage channels in the easements or which may obstruct or retard the flow of water through drainage channels in the easements. The drainage easement of each Lot and all improvements in the drainage easement, including slope and drainage pattern, shall be continuously maintained as a yard area by the Owner of the Lot, except for those improvements which are the responsibility of a public authority or utility to maintain.

Downtown Attica returns to 'most endangered' Indiana Landmarks list

NICK HEDRICK
HSPA NEWS SERVICE

ATTICA – A statewide preservation group is calling attention once again to the heart of Fountain County's largest city.

For the second straight year, downtown Attica has been featured on Indiana Landmarks' "10 Most Endangered List" of historic places on the verge of being lost without an action plan to save them.

The downtown historic district "remains in need of investment and a plan to protect declining landmarks," according to a post on the group's website. The group called for a preservation ordinance and a local historic designation to boost efforts in revitalizing the area.

At the center of the call to action is the long-vacant Hotel Attica, which partially collapsed in a 2012 windstorm. The hotel, where Hollywood celebrities booked rooms on brief stopovers, later became a restaurant and has sat crumbling since the storm.

The owner is now donating the building and selling the land to Attica Main Street. The organization doesn't have

Downtown Attica, for the second straight year, was featured in Indiana Landmarks' "10 Most Endangered" list of historic properties. Local efforts are underway to revitalize the area.

the money for renovations and plans are being set to find a permanent owner.

"We're just hoping to attract someone who sees that it's not a lost cause because there's still hope for it, and I'm hoping that someone will ... see that hope and save it," Main Street president Lexxi Haddock said.

A contest for an upcoming HGTV town makeover series gave new energy to local revitalization efforts, she added.

Attica was one of more than 2,600 small towns in the running for the cable network's "Home Town Takeover." An

Alabama town won the competition, but everyone from high school students to nursing home residents sent in videos supporting Attica.

"To see this thing that you drive down to get to Pizza King is something that everyone was quietly wanting to hold on to," Haddock said, "but with that campaign of trying to attract HGTV, it brought everyone out into the public and saying, 'Yes, this is something that I find really important. I want to make sure that it's here so that my kids and grandkids have the

same memories'"

Main Street is distributing state grant funds to local businesses recovering from the COVID-19 shutdown. The city placed a 1% tax on local food and beverage sales to generate more funding for revitalizing downtown.

Younger people are opening businesses downtown, including a pet grooming shop and a real estate office. The children of the owner of a furniture and carpeting store are attracting customers with new window displays. Challenges remain with addressing buildings deemed unsafe by the city. A business fair is in the works.

"Our biggest hurdle to start with [was] just trying to get people to understand, like, what we have in our own backyards and kind of change the attitude, and I think we finally accomplished that, thankfully," said Haddock, who joined Main Street three years ago.

"So we actually have people that are seeing what we have in our town and talking about the good of it and not just the bad of it."

BBB warns of e-skimming scam

For years, scammers have used a small device on ATMs, gas pumps, and other terminals, to harvest credit card information. As technology has improved, this form of "skimming" has become less effective. However, scammers aren't deterred. Now, they use a technique called "e-skimming" to steal credit card data from online shoppers instead.

HOW THE SCAM WORKS

You are shopping online on a reputable website. You put an item in your cart and proceed to check out. You enter your credit or debit card number and your billing address to make your purchase. Everything seems totally normal.

But what you can't see is that cybercriminals have hacked into the company's server and planted malware on the site. This harvests your personal information, including your credit or debit card numbers, as soon as you make a purchase.

You won't be aware your information was stolen until the company discovers the breach and alerts its customers. In other cases, you'll only find out after scammers use your credit card and fraudu-

lent purchases appear on your statement.

HOW TO PROTECT YOURSELF

Keep a close eye on your statements. Check your bank and credit card statements regularly to confirm all charges. If you notice any suspicious activity, call your bank or credit card company immediately to report it.

Use the customer service number found on the back of your card or on your monthly statement to make sure you are speaking with the real company.

Make online purchases with a credit card. Use your credit card instead of your debit card to make online purchases. It is much easier to dispute charges made with your credit card, plus getting money returned to your debit card can take time.

Consider using a virtual credit card. Some credit card companies and banks offer virtual cards to their clients. These provide a unique credit card number to use when shopping online that links to your normal account. If any unusual transactions are made or the number is compromised, other charges are immediately declined.

MEMORANDUM

TO: Town of Zionsville Town Council

FROM: Wayne DeLong, AICP, CPM, Director of Planning and Economic Development

RE: Vacation Request of two 7.5 feet wide drainage easements located on each side of the shared lot line between Lots 19 & 20 in Lost Run Farm Subdivision.

History

The Petition for Vacation was submitted by Daniel Towriss (“Petitioner”). The Petitioner owns both parcels, Lots 19 & 20, and seeks to combine them into a single lot (see Exhibit 2). Petitioner’s primary residence is located on Lot 19. The Secondary Plat for Lost Run Farm Subdivision, establishing the subject lots and drainage easements, was recorded on July 26, 2004 (see Exhibit 3).

Analysis of Current Request

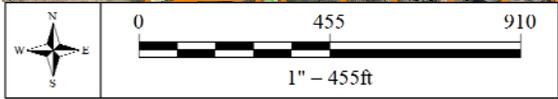

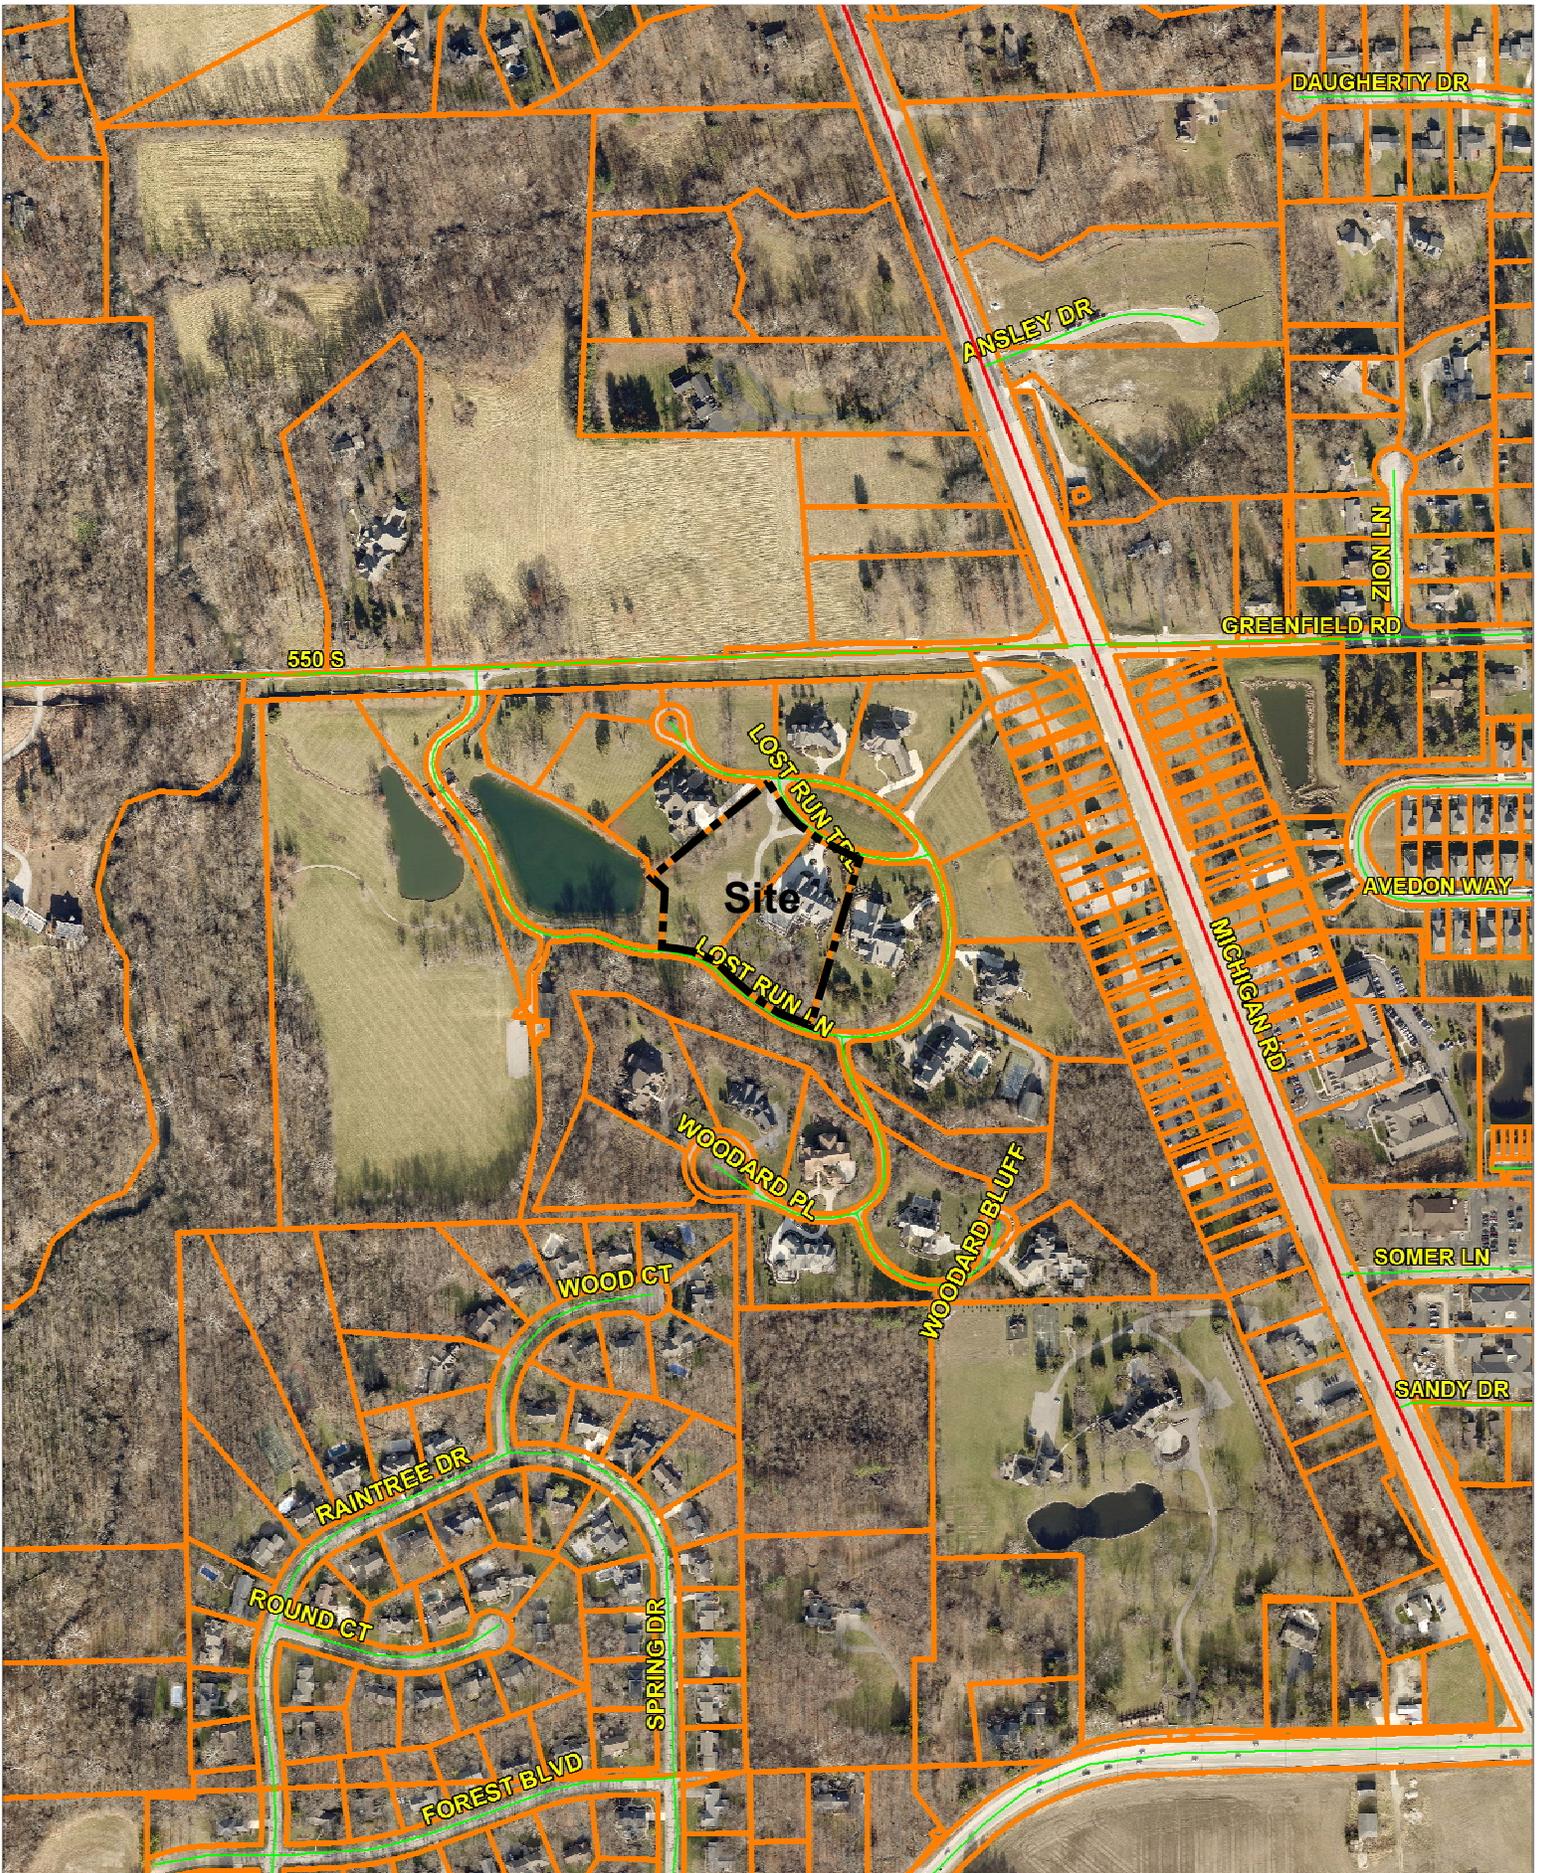

The request is to vacate two 7.5 feet wide drainage easements located on each side of the shared lot line between Lots 19 & 20 in Lost Run Farm Subdivision. According to Indiana State Law, these drainage easements are considered “Public Ways” and the authority to Vacate a Public Way is delegated to the Town Council. A related Re-plat Petition to remove the existing lot line between Lots 19 & 20 has been filed and is scheduled to be heard by the Plan Commission at their meeting on September 21, 2020. State Law gives the authority for this re-platting to the Plan Commission.

The two drainage easements to be vacated do not include any physical infrastructure and were intended to provide routing of surface drainage for Lots 19 & 20. The submitted Vacation Petition and supporting documentation was distributed to the Town’s departments and members of the Technical Advisory Committee (including utility providers) for their review and comment. no concerns or objections were expressed by any department.

Staff is in support of the Vacation Petition to vacate two 7.5 feet wide drainage easements located on each side of the shared lot line between Lots 19 & 20 in Lost Run Farm Subdivision.

If there are any questions as to the content, please do not hesitate to contact our office.

Respectfully submitted,
Wayne DeLong, AICP, CPM

PETITION FOR VACATION OF DRAINAGE EASEMENT

Daniel Towriss (“Petitioner”), by counsel, Roger L. Burrus, for his Petition for Vacation of Drainage Easement, states as follows:

1. Petitioner is the owner of two (2) adjoining parcels of real estate commonly known as 19 Lost Run Lane and 20 Lost Run Lane, Zionsville, Boone County, Indiana, the legal description of which is:

Lots numbered 19 and 20 in Lost Run Farm, a subdivision in the Town of Zionsville, Boone County, Indiana, as per plat thereof recorded on July 26, 2004, in Plat Book 15, page 8, as Instrument No. 0409452 and Certificate of Correction recorded November 23, 2004 as Instrument No. 0414448, in the Office of the Recorder of Boone County, Indiana.

2. Petitioner’s residence is on Lot 20. Lot 19 is currently unimproved except for a stone aggregate driveway. Petitioner plans to construct and install landscaping including plantings and pathways and other amenities on Lot 19, extending across the common boundary line. Petitioner is also filing a petition with the Zionsville Plan Commission to re-plat Lots 19 and 20 into combined lot “20-R.”

3. Pursuant to the Plat for Lost Run Farm, there exists, on both sides of the common boundary line between Lots 19 and Lot 20, platted but unused drainage easements, 7.5’ in width on each side of the common boundary line (the “Drainage Easements”).

4. Under Indiana Code 36-7-3 et. seq., and IC 6-7-4-711, the Plan Commission has exclusive jurisdiction of the vacation of all or parts of a plat, but the Town Council has jurisdiction and authority over vacation of a public way or place or platted easements. See IC 36-7-3-12, IC 36-7-3-16(a), and Section 5.2 of the Zionsville Subdivision Control Ordinance.

5. The streets in Lost Run Farm subdivision are privately owned and maintained; therefore, the Drainage Easements are not needed for street or other common area drainage.

6. Lot 19 adjoins a retention pond for the Lost Run Farm subdivision, which serves as an outlet for surface water drainage from both Lots 19 and 20. Petitioner is not materially changing the surface water drainage of such lots.

7. Petitioner’s counsel has discussed this petition with the management company for the Lost Run Farm Homeowners Association, which indicated they would have no objection to the re-plat or the vacation of the Drainage Easements so long as Petitioner continues to pay lot dues

and assessments for two (2) lots.

8. There are no other property owners abutting the Drainage Easements are there are private roadways at both ends of such easements.

9. To Petitioner's knowledge, the Drainage Easements contain no other easements or municipal utilities. If any public utility is occupying and using all or part of the Drainage Easements, Indiana Code Section 36-7-3-16 provides for the continued use thereof.

10. The Subdivision Control Ordinance requires disposition of this petition prior to the Plan Commission's consideration of the petition to re-plat Lots 19 and 20.

11. Vacation of the Drainage Easements will be of benefit to the Town and Petitioner in that Petitioner will be able to construct additional improvements on his property, adding to the assessed valuation, without any impact on the drainage of such lots.

WHEREFORE, the Petitioner respectfully requests that the Town Council for the Town of Zionsville vacate the Drainage Easements in accordance with Indiana Code Section 36-7-3-12, and for all other proper relief.

Respectfully submitted,
