5. OLD BUSINESS

- A. Consideration of an Ordinance to rezone 68.6 acres from the R-SF-2 Urban Residential Zoning District to the SU-7 Special Use Zoning District to provide for a residential housing development for seniors. **(Ordinance #2016-17)**

Councilor Garrett expressed concern that because BHI is set up as non-profit, residents of the townhomes will utilize town services such as parks, streets, library, fire and police, yet no tax revenue will be generated to pay for these services. Tim Ochs, representing attorney for BHI, explained that all streets in Hoosier Village are privately owned and maintained by BHI, the sewer systems are the responsibility of BHI, BHI maintains private parks within the community for its residents and police runs are typically minimal. He also explained that regarding fire services, ambulance services are fee based. Mr. Ochs then introduced John Dattilo, President and CEO of BHI Senior Living who gave a broader overview of BHI, Hoosier Village, the project in question and what he believes are the benefits to the Town. Further discussion followed. President Suarez requested input from Wayne DeLong, Director of Planning and Economic Development. Mr. DeLong discussed the Planning Commission's review and conversation regarding the project. The representatives from BHI also answered additional questions and addressed concerns from the Council.

COUNCIL ACTION: Councilor Schuler moved to adopt Ordinance #2016-17 on second reading. Councilor Spees seconded the motion.

He reiterated that he, public safety officials, and other staff members are available to answer any questions that are not able to be sufficiently answered in public forums.

President Suarez then invited Boone County Attorney Bob Clutter to walk the Council through the process for the joint public hearing scheduled for October 11, 2016 at 7:00 p.m. at Lebanon High School involving seven Boone County municipalities. Mr. Clutter explained the process and procedure. Town Attorney Heather Willy gave a further overview of the procedures for the consideration of the Resolution at the joint public hearing.

Mr. Clutter answered further questions from the audience and the Council. Councilor Schuler expressed strong concerns about the tax as well as issues regarding the new Town Hall project. He also expressed his disappointment that the public had not been better informed and educated in regards to the LIT/Public Safety Tax. He stated that he is opposed to the tax increase as presented, but will be unable to attend the joint public hearing on October 11th to register his vote in opposition.

6. NEW BUSINESS

- A. Introduction/First Reading of the Proposed 2017 Budget for the Town of Zionsville (PUBLIC HEARING).
(Ordinance #2016-18)

Ed Mitro gave a broad overview of the budget, explaining the budget takes into account a LIT/Public Safety tax being passed. He stated that the largest percentage of the increase to the 2017 budget was due to staffing in Fire, Police and Planning and Economic Development, He also stated that a budget had also been submitted without the LIT/Public Safety tax and that if it did not pass there would be no new hires in the Fire or Police Departments. He also explained that the 2.5% salary increase in the budget would be based on performance reviews with the same formula used in the previous year. Councilor Schuler questioned if the 2.5% salary increase was available to all employees across the board. Deputy Mayor Mitro responded that was true with the one exception being the Mayor who stated he would not accept a salary increase and as a result it was taken out of the budget.

Deputy Mayor Mitro also addressed Councilor Schuler's question regarding the increase in Public Safety spending.

With Proof of Publication for a Public Hearing noted, President Suarez opened the Public Hearing for comment. With no public comment, President Suarez closed the Public Hearing and called for a motion to introduce Ordinance #2016-18 on first reading.

COUNCIL ACTION: Councilor Traylor moved to introduce Ordinance # 2016-18 on first reading and Councilor Garrett seconded the motion. The motion passed with a vote of seven in favor, zero opposed. Ordinance 2016-18 was introduced on first reading. No further action taken.

B. Consideration of an Excess Levy Appeal Resolution. **(Resolution #2016-21)**

Mark Adam of Crowe-Horwath reviewed Resolution #2016-21, explaining that this Excess Levy Appeal was due to the reorganization with Perry Township and the responsibilities taken over by the Town and was not an increase in taxes but rather a reallocation from the Township to the Town.

COUNCIL ACTION: Councilor Traylor moved to approve Resolution #2016-21 and Councilor Garrett seconded the motion. Resolution #2016-21 was approved by a vote of six in favor, zero opposed.

C. Consideration of an Additional Appropriation Resolution from the LOIT Special Distribution Fund (\$100,000.00) to pay for the Town's matching grant portion of street projects funded by the Community Crossings Grant (PUBLIC HEARING). **(Resolution #2016-22)**

Report of Appealing Taxing Unit**

The Department of Local Government Finance ("Department") has prescribed this template through which a petitioner supplies the information the Department requires pursuant to IC 6-1.1-18.5-12(c). In 2016, the required information must be filed with the Department on or before **OCTOBER 19** or, **in the case of an appeal due to a shortfall** (IC 6-1.1-18.5-16), on or before **DECEMBER 30**. Shortfall appeals can only be calculated after the final tax distribution. The Department requests that appeals for shortfalls in a prior year's tax settlement be filed by the October 19 deadline to prevent delays in the processing of annual budgets, tax rates, and levies.

Forward to the Department only this page, the individual page(s) applicable to the appeal(s) to be considered, the certification page, and any supporting documentation. On this page, check all appeals for which you are applying, state the amount of the appeal(s), and submit the appropriate worksheets. Do not forward unused pages and do not submit more than one application.

This application may be submitted electronically, faxed, or mailed (see last page for details).

Note that IC 6-1.1-17-3(a)(5) requires that any request for an excess levy appeal be advertised as part of the notice to taxpayers of the estimated budget. **ANNEXATION, CONSOLIDATION/REORGANIZATION, OR
EXTENSION OF SERVICES**
(IC 6-1.1-18.5-13(a)(1))

For Consolidation or Reorganization (IC 36-1.5):
(A copy of the Reorganization Plan and Fiscal Impact Statement is required. Please include any appropriate maps.)

Amount of Appeal: \$72,864

1. Date of referendum approving the consolidation/reorganization: 11/04/2014
Effective date of consolidation/reorganization: 06/02/2015
2. Specifically, what types of services will be needed and/or increased?

*Fire Services
Park and Recreation
General Township Services*

3. What funds will be needed for the newly-consolidated or reorganized unit and what new miscellaneous revenues will be generated? Justify the financial need for the appeal.

The Town has created a new Fund #0182-Bond #2, in lieu of the Perry Township Emergency Fire Loan Fund. All other services will be provided for with the Town's already established funds.

4. State for each year for the budget classification indicated below the increase in expenses for which the appeal should be considered. (Attach separate sheets, if necessary.)

Category	Year 2016	Year 2017	Total
Personnel	\$	\$	\$
Supplies	\$	\$	\$
Services and Charges	\$76,000	\$76,000	\$152,000
Debt	\$	\$	\$
Capital Outlay	\$	\$	\$
Township Assistance	\$2,000	\$2,000	\$4,000
Total	\$78,000	\$78,000	\$156,000

Note: The above must be completed for consideration of this appeal.

5. Does the total amount requested match the amount in the fiscal impact statement for the consolidation or reorganization (include copies of all resolution(s)/ordinance(s) and fiscal impact statements)? ___ Yes X No

If no, please explain the differences:

The amount requested above is less than the estimated new expenditures approved and adopted in the Fiscal Plan. The Fiscal Plan included the following expenses:

Mayor Salary	\$120,000
FICA Adjustment	9,180
Insurance	8,021
Township Assistance	2,000
Fire Contract	75,000
Park Department Expenses	900
Park Board Member	600
Total	\$215,701

The Fiscal Plan was very conservative and assumed all costs would be an addition to the baseline Town budget. The Town is requesting an increase in the Fire Operating levy of \$68,715 and an increase of \$4,149 to be allocated between the General Fund and Park and Recreation Fund for a total request in new levy of \$72,864, which represents the total former property tax levy applicable to the services once provided by Perry Township to Perry Township taxpayers.

The Town chose not to get the allowable automatic fifteen percent (15%) levy increase of \$224,524 since the amount is more than what is needed to provide services to Perry Township.

6. Does the fiscal impact statement describe the effect of the consolidation/reorganization on the other units of government in the jurisdiction? If not, please describe.

Yes. Please see the attached Fiscal Plan: The Fiscal Impact Analysis: Report on the Proposed Reorganization of the Town of Zionsville and Perry Township, Boone County; Dated May 5, 2014.

7. Discuss the certified savings described in IC 36-1.5-3-5.

The Fiscal Plan provided for a \$0.1678 increase in the Perry Township taxing district tax rate. The actual increase for Pay Year 2016 was \$0.1122 excluding county, school, and library tax rates.

8. Has the Department already approved any excess levy appeals requested by the unit pursuant to IC 6-1.1-18.5-13(a)(1) due to this consolidation/reorganization?

No. The Town discussed the excess levy appeal with the Department at the time of the 2016 – 1782 Notice approval period. The Town was given the option of an automatic 15% levy increase or pursuing an additional lower amount during the 2017 budget process. The Town chose to apply for the additional amount through the application process because the amount being requested is much lower than the automatic increase.

 G. Percent increase (E/F) 0.6819%

Did the fiscal body approve this excess levy appeal(s)? Yes No
 Vote _____ (Please submit resolution/ordinance approving appeal.)

Was there any opposition or objection to the excess levy appeal? Yes No
 If yes, please provide a summary of the objection:

Did you include an excess levy appeal(s) on the ensuing year's budget notice?
 Yes No

Has this unit transferred funds to its rainy day fund during this budget year or the immediately preceding budget year (or in the year in which the annexation, consolidation/reorganization, extension of services, error, shortfall, or emergency occurred)? Yes No

If yes, please state the fund(s) and amounts from which transfers were made:

Fund _____ Amount \$ _____

If no, does the unit plan to transfer funds to its rainy day fund in the near future?
 Yes No Amount \$ _____

Please provide the current balance in your unit's rainy day fund and indicate whether any of this amount will be spent in the near future and how so:

Rainy Day Fund balance as of July 31, 2016 = \$ 1,006,232.67 and there are no planned disbursements at this point.

Please explain how and why your unit determined it cannot carry out its governmental functions without this appeal (IC 6-1.1-18.5-12(a)). Include reasonably detailed statements of fact:

The levy excess appeal is being requested primarily due to the increased costs of providing fire services to the taxpayers of the reorganized Perry Township. The Town is not able to increase revenues to provide such services besides a property tax levy. If the Town were not afforded an increase in levy, other services would need to be reduced or rescinded.

The Department may deny or modify an excess levy appeal on the basis that the unit has sufficient fund balances to allow it to carry out its governmental functions. The Department will take circuit breaker credits into consideration when estimating fund balance amounts.

CERTIFICATION

I, the undersigned, hereby certify that the attached appeal information and supporting documentation is correct to the best of my knowledge and belief.

Purpose of the Report

Under the authority granted by Indiana Code (IC) 36-1.5, et al., (the "Reorganization Statute") the Town of Zionsville (the "Town") and Perry Township, Boone County (the "Township") have taken the initial necessary actions by adoption of certain resolutions authorizing the reorganization of the Town and Township into one governmental unit (the "New Town"). The Reorganization Statute defines reorganization as "a change in the structure or administration of a political subdivision described in IC 36-1.5-4-3 and IC 36-1.5-4-4". Crowe Horwath LLP ("Crowe") has been engaged by the Town to provide a Fiscal Impact Analysis (the "Report") as required by the Reorganization Statute, specifically, IC 36-1.5-4-18 Version b (the "Fiscal Analysis Requirement"). This Report addresses, at a minimum, the following four (4) items as mandated by the Fiscal Analysis Requirement:

- (1) The estimated effect of the proposed reorganization on taxpayers in the Town and Township including the expected tax rates, tax levies, expenditure levels, service levels, and annual debt service;
- (2) A description of the planned services to be provided in the New Town and the method or methods of financing the planned services including (a) itemized estimated costs for each department or agency of the New Town and (b) explanations as to how specific and detailed expenses will be funded from taxes, fees, grants, and other funding;
- (3) A description of the capital improvements to be provided in the New Town and the method or methods of financing those capital improvements. (There are no new capital improvements identified at the time of this Report; however, future improvements are possible); and
- (4) Any estimated effects on political subdivisions in Boone County that are not participating in the reorganization and on taxpayers located in those political subdivisions.

This Report is to be included as part of the Comprehensive Plan of Reorganization ("Reorganization Plan") prepared by the legislative bodies of the Town and Township as further described in the Report. The Report must be submitted to the Indiana Department of Local Government Finance (DLGF) at least six (6) months before the election in which a public question will be on a ballot. This Report is based on estimates, assumptions and other data developed by Crowe from data provided by the Town, Township, DLGF, and other sources deemed to be reliable.

In the course of preparing this Report, we have not conducted an audit, review or compilation of any financial or supplemental data or any of the assumptions identified and/or used in the Report. We have made certain projections of tax rates, tax levies, expenditure levels, and service levels which may vary from actual results because events and circumstances frequently do not occur as expected and such variances may be material. We have no responsibility to update this Report for events or circumstances occurring after the date of this Report.

Government Modernization Act and Reorganization Statute

In 2006, the Indiana General Assembly adopted the Government Modernization Act (the "Act"), codified under Indiana Code (IC) 36-1.5, et al., (the "Reorganization Statute"). The Reorganization Statute was written to "grant broad powers to enable political subdivisions to operate more efficiently by eliminating restrictions under existing law that (a) impede the economy of operation of; (b) interfere with the ease of administration of; (c) inhibit cooperation among; and (d) thwart better government by; political subdivisions." In addition, the Reorganization Statute encourages "efficiency by and coordination among political subdivisions to: (a) reduce reliance on property taxes; and (b) enhance the ability of political subdivisions to provide critical and necessary services as well as strengthen the financial condition of state government." The Reorganization Statute grants political subdivisions the authority to reorganize and to use cooperative agreements to achieve government functions or transfer responsibilities between offices.

The Reorganization Statute allows for a wide range of reorganizations dependent on the type of political subdivisions participating in the process. Included (and relevant to this Report) is the authority for two (2) or more townships located entirely within the same county to reorganize contingent that the reorganizing township is adjacent to at least one other township participating in the reorganization. The Town qualifies to reorganize with the Township because the Township and the former Eagle Township (now part of the Town due a reorganization effective January 2, 2010) (the "2010 Reorganization") are located within Boone County (the "County") and adjacent to one another. The participating political subdivisions may consolidate into a single new political subdivision or as applicable here, can consolidate into one of the participating political subdivisions (the "New Town"). At the effective date of such reorganization, the original participating subdivisions cease to exist and only the reorganized political subdivision remains. At the same time, the responsibilities, assets and liabilities (excluding existing debt service obligations and pension obligations) of the original political subdivision are transferred to the reorganized political subdivision.

The process of reorganization can be initiated in one of two ways: (1) initiation by legislative body (applicable and discussed herein) or (2) initiation by voters. A legislative body of a political subdivision may initiate a proposed reorganization by adopting a resolution that (1) proposes a reorganization, and (2) names the political subdivisions that would be reorganized in the proposed reorganization. Furthermore, the clerk of the political subdivision adopting the resolution shall certify the resolution to the clerk of each political subdivision named in the resolution. The steps associated with the initiation by voters can be found at IC 36-1.5-4-11 Version b of the Reorganization Statute.

After adoption of a resolution indicating the desire to participate in reorganization, the resolution is forwarded to the other affected political subdivisions. The other political subdivisions must adopt their own resolution proposing to participate in a reorganization or declining to participate. Participating political subdivisions must ultimately adopt substantially identical resolutions. The Perry Township Advisory Board (the "Township Board") and the Township Trustee unanimously adopted Joint Resolution No. 2014-1 on April 14, 2014, and the Zionsville Town Council (the "Council") adopted Resolution No. 2014-10 on April 21, 2014, with a vote of 5 to 1 in favor of Resolution No. 2014-10.

The legislative bodies of the Town and Township shall next prepare a comprehensive plan of reorganization (the "Plan"). The Plan will govern the actions, duties, and powers of the New Town that are not specified by law. The specific items (including the Fiscal Impact Analysis (the "Report")) required to be included in the Plan are described in IC 36-1.5-4-18 Version b. The Report must be submitted to the Indiana Department of Local Government Finance (DLGF) at least six (6) months before the election in which a public question will be on a ballot. The DLGF must respond no later than thirty (30) days before the date of the election.

The legislative bodies of the Town and Township shall consider the Plan in a form of a resolution, incorporating the Plan in at least two separate meetings, and must conduct a public hearing on the resolution and the Plan no sooner than five (5) days after the notice of the public hearing is published and before the legislative body takes final action on the resolution to adopt the Plan. No later than thirty (30) days after the public hearing, the legislative bodies may (1) adopt the Plan as presented, (2) adopt the Plan with modifications, or (3) reject the Plan. Any modifications in the Plan must be adopted by both legislative bodies. The legislative bodies shall certify the final action on the Plan to the clerk of the New Town, the County fiscal officer and the County Recorder. Certain administrative tasks as outlined in the Reorganization Statute will follow in order to move the Plan to ballot whereas a public question will be placed on the next regularly scheduled election ballot that includes all precincts in the participating political subdivisions. The question will ask if the political subdivisions should be reorganized into a single political subdivision. Assuming a majority of the voters in each participating subdivision approve the public question, the reorganization is adopted. Assuming the voters approve the reorganization, the reorganized political subdivision becomes effective according to the process and timing identified in the Plan.

Zionsville and Perry Township, Boone County Reorganization Efforts

Plan of Reorganization Proposal

The Township Board and the Township Trustee unanimously adopted Joint Resolution No. 2014-1 on April 14, 2014, and the Council adopted Resolution No. 2014-10 on April 21, 2014, with a vote of five (5) to one (1) in favor of Resolution No. 2014-10 proposing reorganization between the Town and Township.

The Plan provides for a reorganized local government through the consolidation of the Town and the Township into the existing Town political subdivision (the "New Town"). The boundaries of the New Town shall consist of the boundaries of the Town as of December 31, 2014, and all of the areas of the unincorporated Township, which equates to approximately 20 square miles. Following consolidation and as currently written in the Plan, the Township will cease to exist on December 31, 2014, and the New Town government structure (including a full-time mayor) will then supersede the existing Town structure as provided for in the Plan.

The Town currently provides for those services administered by a town including, but not limited to, police protection, fire protection, parks and recreation, planning and land use, and road maintenance. In regards to the provision of services, the Plan identifies two service districts (the "Town or Urban District" and the "Rural District") that are consistent with the already existing reorganization that became effective January 2, 2010 (the "2010 Reorganization"), when the Town reorganized with both Eagle and Union Townships. The primary difference between the Urban and Rural District is the level of municipal services provided, the application of ordinances, and property tax rates.

Currently, the Pay 2014 Budget for the Town includes four taxing districts. The four taxing districts are as follows: Zionsville Town; Eagle Township; Union Township; and Eagle/Zionsville Urban. There are certain expenditures allocated to each of the taxing districts. For example, only those taxpayers who live in Zionsville Town or Eagle/Zionsville Urban Taxing District pay for police and motor vehicle highway expenses. These expenses are allocated to a Pay 2014 Assessed Value (AV) of \$1,270,729,049 (the "Urban District"). Furthermore, all property tax owners in all taxing districts (including the Township after reorganization) pay a share of expenditures such as General Fund, Parks and Recreation, Cumulative Capital Development and Fire that are spread over the consolidated assessed value of \$2,021,216,444 which will consist of the Pay 2014 Rural District AV plus the \$56,989,902 AV of the Township (the "Rural District"). At this time, the Cumulative Fire Special Fund is allocated to the Rural District excluding the Township. Lastly, the 2014 Budget Order provides a separate AV for debt obligations including \$267,248,541 for the Fire Building Debt issued by Union Township prior to the 2010 Reorganization and \$1,073,536,959 for the Zionsville Town. For purposes of this Report and in order to allocate expenditures to the various assessed values, Crowe will address the four (4) taxing districts above plus the Township.

As of the effective date of the proposed reorganization, the Urban District will consist of the original Town prior to the 2010 Reorganization as well as eight subdivisions/areas originally classified into the Rural District that have been reclassified into the Urban District (Eagle/Zionsville Urban Taxing District) effective January 1, 2013. The Rural District will include both Eagle Township and Union Township as part of the 2010 Reorganization, the Town, and the Township. As provided for in the original reorganization plan, properties in the Rural District may be reclassified into the Urban District.

The Town annexed portions of Eastern Worth Township (the "Annexation Area") in April 2013 for property assessed March 1, 2014 for taxes payable in 2015. It is Crowe's understanding that the Annexation Area will be included in the Rural District. This analysis is based on Pay 2014 information;

therefore, any impacts to rates and levies as a result of the Annexation Area are not included; however, such impacts to rates and levies may or may not be material.

As stated previously, the Rural District consists of both Eagle and Union Townships that were included in the 2010 Reorganization, the Annexation Area, and will now include the Township. The Township will be subject to the current rural ordinances and with all processes, responsibilities, and protections set forth in the 2010 Reorganization, amended time to time, unless specifically stated in the Plan. The following services will continue to be provided to the Township under current Township agreements:

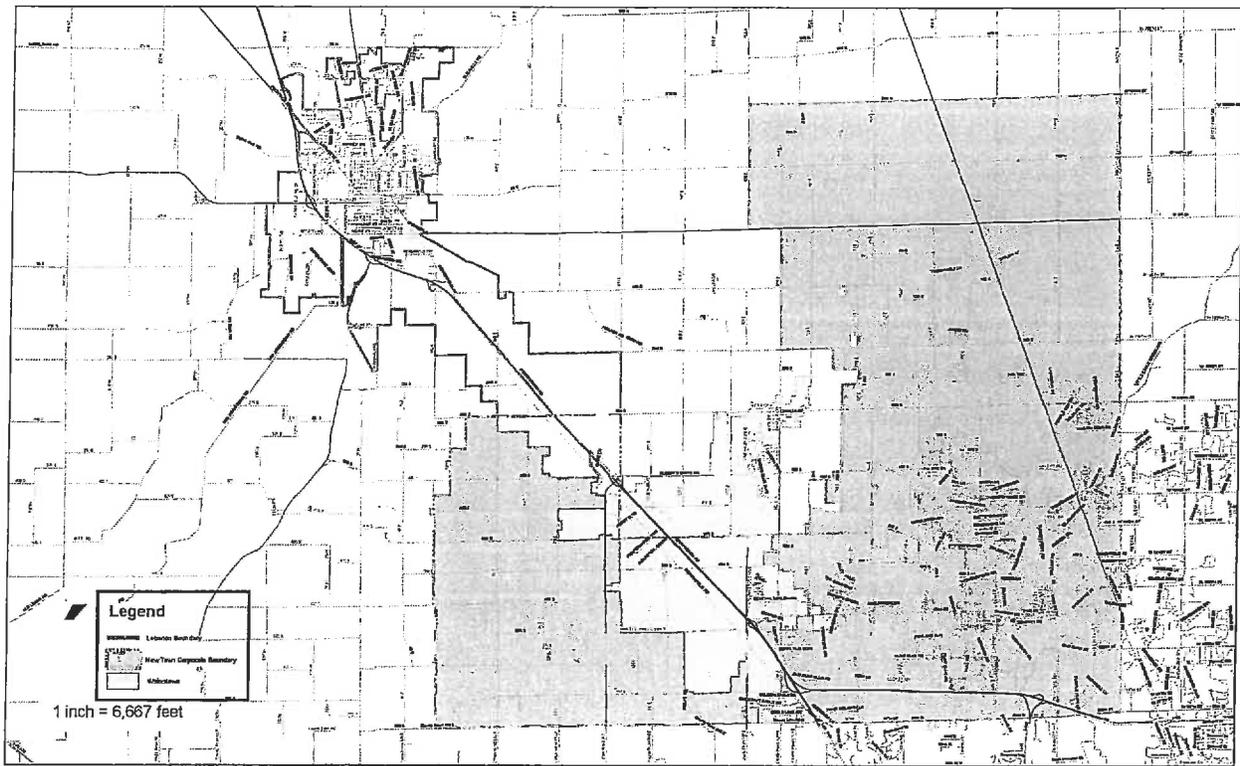

- Road improvements, snow removal, grading and maintenance for roads and streets shall be provided by the Boone County Highway Department; and
- Police protection services shall be provided by the Boone County Sheriff's Department.

The following services will be provided by the New Town to the Rural District:

- The cemeteries currently maintained and managed by the Township shall be maintained by the new Park and Recreation Board, or its designee, and expenses transferred to the New Town Park and Recreation tax rate;
- Weed control responsibilities shall be transferred to the Park and Recreation Board and Park and Recreation tax rate;
- All Township assistance responsibilities shall be transferred to the Administration Department of the General Fund tax rate;
- The existing Township fire budget will be transferred to the Fire Fund tax rate. The Zionsville Fire Department (ZFD) shall provide fire, rescue, and emergency medical services by coordinating with the Perry Township Volunteer Fire Department (PTVFD) until and unless one of the following events occurs: PTVFD requests formal inclusion as part of the ZFD or PTVFD voluntarily dissolves or is found insolvent. The Town shall provide a budget allocation in support of PTVFD until and unless one of the following events occurs: PTVFD requests formal inclusion as part of the ZFD or PTVFD voluntarily dissolves or is found insolvent.

As a result of the reorganization, the Township Board and the Township Trustee will be abolished. The budgeted expenses associated with these entities would be eliminated, or transferred to the Town (as provided for above), and the Town will assume their functions. All assets of the Township will be transferred to the New Town. Please refer to the Plan for detailed discussion regarding planning and zoning as well as the roles and responsibilities of the proposed Mayor – New Town structure.

Financial Analysis of Reorganization

Process for Financial Analysis

The financial analysis has been based on the proposed reorganization structures currently identified by the Town and Township. In order to complete this analysis, Crowe has performed the following tasks:

- Analysis of budgeted expenditures for Pay 2014, as adjusted for anticipated changes, of the Town and Township as provided by the Town and Township, Indiana Department of Local Government Finance (DGLF) 1782 Fund Reports, and Budget Form 1's prepared by both the Town and Township.
- Analysis of outstanding debt of the Town and Township. Note that all debt on December 31, 2014, shall not be imposed on taxpayers on or after January 1, 2015, that were not responsible for those obligations prior to reorganization. Those obligations must be paid by the taxpayers that were responsible for those obligations on December 31, 2014.
- Analysis of cash balances as of December 31, 2013, per the Annual Financial Reports of both the Town and Township.
- Analysis of anticipated revenues based on 2014 budget information for the Town and Township as obtained from the DLGF 1782 Fund Reports.
- Calculation of estimated tax levies and tax rates for the New Town based on the budgeted expenditures and revenues.
- Comparison of estimated calculated tax rates to Pay 2014 tax year actual tax rates.

The financial analysis is supported by the attached appendices which are summarized in the following narrative of this Report.

Summary of Tax Levy and Tax Rate Creation

In order to understand the results of the Report, it is first necessary to understand the process by which tax levies and tax rates are created. This section provides a short summary of this process. While this is a simplified summary of the process, it provides certain key equations which are critical to the financial analysis.

Each year, taxing units use a statutorily-required budgeting process for setting their budgets for the next year. During this process, taxing units must identify their proposed budgeted expenditures for various services. These expenditures are broken into four (4) categories:

- Personal Services (100)
- Supplies (200)
- Other Supplies and Services (300)
- Capital Outlay (400)

Salaries, wages and employee benefits are included within the Personal Services category. Supplies primarily include general office supplies, certain tools necessary, or other consumable items for operation of a particular department. Other Supplies and Services is a catch-all for many other expenditures and includes any contractual services employed by a department, such as lease payments (other than equipment leases)

and debt service payments. Capital Outlay includes any expenditures of a capital nature. This could include building improvements, vehicle or equipment purchase, and other capital items.

As part of the budget process, units also must estimate miscellaneous revenues anticipated to be received by the taxing unit in the next year. These revenues do not include property taxes as those will be captured through the tax levy. Rather, miscellaneous revenues include, but are not limited to, local option income tax revenue, excise tax revenue, grants, riverboat revenue allocations, fee revenue, reimbursements, licensing revenue, rental income, permit revenue, and interest income. In addition, cash balances for each fund of the taxing unit will be identified on the budget form, as a taxing unit could utilize available cash balances to fund budgeted expenditures. **For the purposes of this Report, we have included cash balances as of December 31, 2013, and operating balances based on the 2014 Fund Report in our consideration for property tax levies.** Finally, desired operating balances are identified in order to produce a final proposed property tax levy. Both cash balances and operating balances, however, primarily serve as cash flow management tools in the budget. On a continuing annual basis, structural budget balance can only be achieved by annual revenues equaling or exceeding annual expenditures. After subtracting the estimated miscellaneous revenues from the estimated expenditures, the remainder of the expenditures would be funded through a property tax levy for those funds which are allowed to levy a property tax. The property tax levy is therefore calculated according to the following equation:

$$\begin{array}{r} \text{Estimated} \\ \text{Expenditures} \end{array} - \begin{array}{r} \text{Estimated} \\ \text{Miscellaneous} \\ \text{Revenues} \end{array} - \begin{array}{r} \text{Cash} \\ \text{Balance} \end{array} + \begin{array}{r} \text{Operating} \\ \text{Balance} \end{array} = \begin{array}{r} \text{Property} \\ \text{Tax Levy} \end{array}$$

After the calculation of the property tax levy for each fund of the taxing unit, it is necessary to calculate the tax rate that will be needed in order to fulfill the tax levy. To do this, the net assessed value of taxable property within a particular taxing district for which the fund is applicable is calculated. The property tax levy is then spread across this net assessed value to calculate the tax rate. The tax rate is typically expressed in dollars and cents per \$100 of net assessed value. The formula for the calculation of the tax rate is:

$$\begin{array}{r} \text{Property} \\ \text{Tax Levy} \end{array} \div \frac{\begin{array}{r} \text{Net Assessed} \\ \text{Value} \end{array}}{100} = \text{Tax Rate}$$

Analysis of Expenditures

As the summary above describes, the budget process is often initiated by evaluating expenditures for the services to be provided. For the purposes of this Report, Crowe has started with analyzing the budgeted expenditures for the Town and the Township for the 2014 budget year. To do this, Crowe identified the expenditures associated with each department or fund by the expenditure category for the Town and the Township separately. The Town's expenditures are identified in Appendix A and the Township's expenditures are identified in Appendix B. For purposes of the financial analysis, expenditures associated with these departments or funds are assumed to continue unless otherwise noted in Table 1.

After detailing out the various expenditures by proposed reorganization department or fund, Crowe assigned each department or fund to a particular district. Crowe used a similar approach to the service districts identified in the Plan and has categorized expenditures into a Rural District, an Urban District, a Town Debt District, a Union Township Fire Loan District, and a Perry Township Fire Loan District.

Appendix A and Appendix B include all of the budgeted departments or funds of the Town and Township supported by property tax revenues and miscellaneous revenues. Appendix A and Appendix B allocate the budgets between each of the service districts based on the level of services provided to each respective district.

Appendix E and Appendix F identify outstanding debt for which the Town and Township levy a property tax or are secured by property tax revenues.

Table 1 below provides the sum of expenditures funded by property taxes applicable to the various districts allocated based on Pay 2014 AV with anticipated known adjustments as noted.

As noted above, the Township will cease to exist; however, certain functions will continue and be carried out by the Town. In addition, there exists one debt obligation of the Township.

Analysis of Outstanding Debt

In addition to the budgeted expenditures for the provision of services, the Township and Town each have outstanding debt obligations. The bond issues or loans are detailed in Appendix E for the Town and Appendix F for the Township. The Township has one emergency fire loan outstanding issued in 2013 with a final maturity of December 31, 2016 (the "2013 Township Fire Emergency Loan.") The Township currently levies a tax for this debt obligation. The Town currently has eleven (11) bond issues outstanding (see Appendix E) of which one (1) was issued by the Union Township of Boone County Building Corporation (the "Union Township Bond") prior to the 2010 Reorganization. Of these eleven (11) bond issues, only six (6) bond issues including the Union Township Bond are paid from property taxes and included in this financial analysis. All others are secured and/or paid by other revenue sources. Therefore, the non-property tax bonds issued by the Town have not been included in this financial analysis.

The distinction between these bonds and which taxing units are responsible for the repayment of the bonds is important due to certain provisions of the Act. The Act required that indebtedness incurred by the Town prior to the reorganization may not be imposed on taxpayers that were not responsible for the debt prior to the reorganization and must only be paid by those taxpayers that were responsible. This also applies to pension obligations. This means that the 2013 Township Fire Emergency Loan must remain with the same taxpayer base and all Town debt service must remain with the same taxpayer base as the Town prior to reorganization.

Analysis of Available Revenues

After calculation of the expenses to be paid, Crowe then analyzed the available revenues that would be available to fund the proposed expenditures. The data for available revenues has been obtained from cash balances as of December 31, 2013, and the 1782 Fund Reports for the 2014 budget year for the Town and the Township. Based on this information, the various revenue sources have been broken into the various service districts in a manner that correlates the revenues with the applicable expenditures. This process has been done for both the Town and the Township.

Table 3 provides the allocation of miscellaneous revenues per the 1782 Fund Reports to each service district for property tax levied funds. Please refer to Appendix C for a detail allocation of the Town's miscellaneous revenues and Appendix D for the Township's allocation of miscellaneous revenues. Miscellaneous revenue-supported expenditures are assumed to be full funded by miscellaneous revenues and cash on hand.

Table 3: Analysis of Proposed Miscellaneous Revenues

	Rural District	Urban District	Town Debt	Union Township Fire Loan District	Perry Township Fire Loan District
Town of Zionsville - Miscellaneous Revenue	\$ 4,978,168	\$ 3,395,622	\$ 81,356	\$ 1,603	\$ -

Total	\$ 5,014,306	\$ 3,395,622	\$ 81,356	\$ 1,603	\$ 1,051

Table 4 provides the cash balances per fund as of December 31, 2013, per the Annual Financial Reports of both the Town and Township. Crowe has made an adjustment to the balances of the Fire Fund and Fire Building Debt Fund to account for the June 2013 property tax distribution that was credited to the incorrect account due to an error on the Boone County Tax Distribution Form 22.

Calculation of Estimated Property Tax Levies and Tax Rates

Based on the above analyses, it is possible to calculate an estimated property tax levy for the Rural District, the Urban District, the Town Debt District, the Union Township Fire Loan District, and the Perry Township Fire Loan District. As identified above in the "Summary of Tax Levy and Tax Rate Creation" section, to compute the property tax levy, the estimated revenues for a particular area are subtracted from the estimated expenditures. The net amount of the revenues and expenditures represents the portion of the expenditures that must be funded through the property tax levy.

Although estimated property tax levies and tax rates are provided in this section for purposes of estimating baseline financial impacts of the Plan, it is important to note that actual property tax levies, tax rates and allocation of revenues will be subject to statutory adoption processes by the governing body of the New Town and may be significantly different from those provided in this section and the accompanying appendices.

Table 5 provides the estimated fund levies per fund for the Rural District, Urban District, Town Debt District, Union Township Fire Loan District and the Perry Township Fire Loan District.

Once the estimated property tax levy is calculated, it is then possible to compute an estimated tax rate. To do this, the property tax levy is compared to the net assessed value of property within each of the service districts. Table 6 below provides these calculations based on Pay 2014 Net Assessed Value (NAV).

(1) Currently the Cumulative Fire Special Fund is not allocated to the Township.

The calculation of the estimated tax rates requires a few additional comments. The tax rates above represent the estimated tax rate that would be applicable for the proposed service districts of the New Town as well as existing property tax supported debt. Secondly, all taxpayers would also be responsible for the tax rate associated with the Urban District. These taxpayers would be receiving the benefit of the general administration of the New Town. Finally, these estimated tax rates are based on the Pay 2014 AV for the Town and the Township prior to reorganization.

Comparison to Current Tax Rates

A primary consideration of the legislative bodies is the impact that the proposed reorganization would have on taxpayers in the Township and the Town. In order to consider this impact, Appendix G provides a side-by-side comparison of the current 2014 tax rates compared to what the tax rates may be under the proposed reorganization including the tax rates for the other taxing units (the school, county, and library).

As Appendix G demonstrates, the estimated impact to all four existing taxing districts is \$0.0065 per \$100 of NAV. Though the Rural District will see a benefit of the NAV of the Township, the additional costs shifted to the Town plus the change in the current Town Manager to Town Mayor structure are greater than the NAV of the Township. It is important to note that both the existing debt service fund levies may increase as shown in Appendix G as a result of lower cash balances than originally budgeted for during the 2014 budget process not as a result of reorganization.

The estimated increase to residents in the Township is approximately \$0.1700 per \$100 of NAV.

Circuit Breaker Tax Credit

The State General Assembly enacted legislation which provides taxpayers with a tax credit for all property taxes in an amount that exceeds a percentage of the gross assessed value of real and personal property eligible for the credit ("Circuit Breaker Tax Credit"). A person is entitled to the Circuit Breaker Tax Credit against the person's property tax liability for property taxes first due and payable after 2009 in the amount by which the person's property tax liability attributable to the person's:

- (1) homestead would otherwise exceed 1%;
- (2) residential rental property would otherwise exceed 2%;
- (3) long term care property would otherwise exceed 2%;

- (4) agricultural land would otherwise exceed 2%;
- (5) nonresidential real property would otherwise exceed 3%; or
- (6) personal property would otherwise exceed 3%;

of the gross assessed value of the property that is the basis for determination of property taxes for that calendar year.

The DLGF recently released the anticipated 2014 circuit breaker credits by fund for all taxing units in the State. Pursuant to the DLGF report for Boone County taxing units as of April 27, 2014, the estimated Circuit Breaker Tax Credit allocable to the Town and Township for budget year 2014 is shown in the following table.

<u>Taxing Unit</u>	<u>2014 Circuit Breaker Credits</u>
Town of Zionsville	\$ 1,460,119.11
Perry Township	50.77

As shown in Appendix H, the total estimated circuit breaker impact for all taxing units in Boone County (including the Town and Township) after reorganization is approximately \$87,000. Table 7 provides the estimated circuit breaker impact for those units (including the Township, though no impact is anticipated for the Township):

Table 7: Estimated Circuit Breaker Impact by Unit

<u>Taxing Unit</u>	<u>Estimated Circuit Breaker Impact</u>
Boone County	\$ 7,000
Perry Township	-
Town of Zionsville	33,000
Zionsville CSC	44,000
Hussy-Mayfield Memorial Library	3,000
Total Circuit Breaker Credits	\$ 87,000

As shown above, the Township is not expected to be impacted by the estimated increase in tax rates due to the proposed reorganization. Of the total estimated circuit breaker, approximately 39% is allocated to the Town itself.

Summary of Financial Analysis

The financial analysis provided above, as well as the accompanying Appendices, is designed to provide a baseline scenario for the proposed reorganization. As the legislative bodies continue to explore options for reorganization or if significant assumptions change, the impact to property tax levies and tax rates would need to be updated in order to provide a clear picture of how such changes would impact taxpayers.

Crowe recognizes the reorganization of governmental units is a complex undertaking. This Report should be considered by the reader as a first step in understanding the baseline. Angie-

Just heard back from budget. The automatic increase would result in a max levy increase of \$224,524.

Let me know your thoughts on where we should go from here.

Angie-

Thank you for this follow-up.

The Department will not automatically move the levies from Perry Township over to the Town. For our purposes, there are two primary ways through which we increase/modify maximum levies. The

first is through the automatic adjustment (up to 15%) based on AV growth as indicated in IC 6-1.1-18.5-3. While we typically think of that adjustment in relation to annexations, I believe it would also be applicable in this situation. I have requested that the Budget Division calculate what the increase to the maximum levy would be if we used that formula. I will forward to you as soon as I have that information.

The other way in which we will increase the max levy would be through an official petition. That typically will occur through an excess levy appeal. For the purposes of the forms, we rely on the descriptions in IC 6-1.1-18.5-13 in naming our various appeals. At this time, it would not be possible to do an appeal for Pay 2016. Fortunately, the annexation/consolidation/extension of services appeal does provide for a longer timeframe for requesting that appeal. It does not necessarily have to be requested in the first year of the change in the taxing unit. So, it would be possible for Zionsville to apply for an excess levy appeal for the Pay 2017 budgets based on this reorganization. If we were to apply the automatic adjustment for Pay 2016 and the Town ended up requesting more than that amount through the appeal process, we would essentially prorate an appeal approved through the appeal process based on the amount of the automatic adjustment granted in Pay 2016.

Once I have the figure from the Budget Division, I will forward for your consideration, as I think that will be a determining factor in how to move forward.

Thanks-
Courtney

See "Zionsville Salary Administration" for guidelines to be used for administering salary increases for 2017 - attached.

Zionsville Salary Administration, 2017

Zionsville has adopted a 2.5% salary increase to total payroll for the calendar year 2017. This will be only the third year that both the salary position in the general market place as well as the individual employee performance on their job will be used to determine the increase for each town employee. The market place data is derived from the salary survey completed with neighboring communities as well as the IACT statewide survey, both completed in 2013 (both updated in 2015). The local survey compares a number of representative positions but not all positions. This survey is carried out every other year.

The comparison of the Zionsville salaries to our neighboring communities is made after each survey. The salary differential between that of a Zionsville employee and a similar employee in the market place becomes larger as the job becomes more highly rated. At the most basic job level there is very little or no difference in salaries. At the highest level job (deputy mayor/mayor), Zionsville's pay is about 18% lower than the total survey based on the 2013 survey. Job function at the highest level is also the most diverse and should not always be regarded as equal in scope and responsibility across all of the surveyed communities. On the other hand, job responsibility at the lower levels are generally very similar and the correlation much more precise.

The performance of each town employee is measured against both individual goals and other job factors by his or her supervisor. This process is in its third year and includes the participation of the employee and supervisor during the course of the year with a final evaluation being done at year-end. There are two levels of acceptable performance: "Meets Expectations" or "Exceeds Expectations". There are also two levels of unacceptable performance, both requiring improvement in order to remain an employee in good standing. Neither of the unacceptable performance levels are eligible for a salary increase.

The following is a recommended guideline to be used for administering salary increases for 2017:

Individuals in positions up to salary class 60 with a rating of:

"Meets Expectations" will receive a salary increase of 2.45% to their base salary.

"Exceeds Expectations" will receive a salary increase of 3.00% to their base salary.

Individuals in positions of salary class 60 and higher with a rating of:
“Meets Expectations” will receive a salary increase of 2.60% to their base salary.
“Exceeds Expectations” will receive a salary increase of 3.15% to their base salary.

The following conditions are also to be applied:

1. Total town payroll cannot exceed an increase of more than 2.5% due to salary increases to employees.
2. For employees below salary class 60, total payroll for each department cannot exceed an increase of more than 2.5% due to increases to employees. Departments, for this purpose, consist of: Police, Fire, Wastewater, Parks & Recreation, Streets & Storm water, Planning & Economic Development, Administration and the Finance and Records.
3. For employees at salary class 60 and above, the total increase to salary for this group cannot cause the total town payroll to exceed 2.5% and if needed, will be reduced by an across-the-board reduction in order to keep total payroll at the 2.5% level.

Examples of pay changes using these guidelines:

Average job rated <60: Meets Expectations: would receive \$1,198/year increase.
Exceeds Expectations: would receive \$1,467/year increase.

Average job rated 60+: Meets Expectations: would receive \$1,992/year increase.
Exceeds Expectations: would receive \$2,414/year increase.

The differential between “Meets Expectations” and “Exceeds Expectations” is a 21.2% to 22.5% difference in the merit increase received by the employee. While the initial differentiation in total salary is not significant, over time the employee that consistently is rated “Exceeds Expectations” will become substantial.

While the current pay position for Zionsville employees is sound, a more complete pay philosophy will need to be developed as the best performers may at some point, start to exceed the market norm. The salary survey will be repeated in 2017 and at that time salary bands (with minimums and maximums) will be established to assure that we do not exceed market place norms.

Section 2. Within 60 days of being reported to the Director, the Director must report to the State Board of Accounts any erroneous or irregular variances, losses, shortages, or thefts of cash in excess of one thousand dollars (\$1000), except for inadvertent clerical errors that are identified timely and promptly corrected with no loss to the Town.

Economic Development Corporation

October 3rd, 2016

Mr. Roger A. Black
Lewellyn Technology, Chief Financial Officer
6210 Technology Center Dr., Ste. 200
Indianapolis, IN 46278

Dear Mr. Black:

On behalf of the Town of Zionsville, please know how excited I am to learn that Lewellyn Technology is considering expansion in Zionsville and Boone County. We are proud to have you as a member of our community and look forward to your continued growth and success here.

Per information provided to the Indiana Economic Development Corporation (IEDC) on the Application for Incentives (AFI), I understand this project is estimated to create up to 30 net new jobs with an average wage of \$27.00/hour by 2021. I also understand that this project has an estimated capital investment of approximately \$1.25 million in personal property.

Based upon the information provided, I would recommend the Zionsville Town Council consider a \$10,000 reimbursable cash grant. This cash grant may be used for necessary growth, expansion, or training opportunities committed to this project.

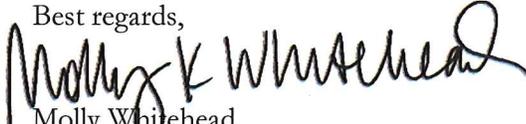

Formal approval of incentives will require action by the Zionsville Town Council. The Boone County Economic Development Corporation will work with you to ensure this process runs as smoothly as possible.

Please note this local letter of incentives expires on October 31st, 2016.

Please also note that the Boone County Redevelopment Commission, Boone County Commissioners, and Town of Zionsville, are actively working on necessary infrastructure improvements at 96th Street and Zionsville Road. These infrastructure improvements will benefit the Northwest Tech Park and Lewellyn Technology by providing better access to the Town of Zionsville by vehicle, bicycle, and pedestrian means. Planned dedicated bicycle and pedestrian lanes will facilitate connectivity to the many quality of life features that the Town of Zionsville has to offer. Construction on these projects is planned to begin in early 2017.

Thank you again for considering the Town of Zionsville and Boone County for this exciting project. We hope that you find our community to be welcoming and supportive of your continued efforts to grow your business. Please do not hesitate to let me know if you have any questions or concerns.

Best regards,

Molly Whitehead

**AMENDED COMMITMENTS CONCERNING THE USE OR DEVELOPMENT OF
REAL ESTATE**

In accordance with I.C. 36-7-4-1015, Harris FLP, an Indiana limited partnership (“Owner”), seeks to amend certain zoning commitments originally approved by adoption of Ordinance No. 2008-13 by the Board of Commissioners of Boone County, Indiana, on November 3, 2008, in connection with a zone map change for approximately 57.53 acres (the “Real Estate”), which real estate is legally described in Exhibit A, as attached hereto and incorporated herein by reference, which Real Estate is commonly known as 10901, 10985 East County Road 300 South (a/k/a 146th Street) and 3201 South U.S. Highway 421 (a/k/a Michigan Road).

STATEMENT OF AMENDED COMMITMENTS

Owner, upon approval of Docket Number 2016-45-CA by the Town Council of the town of Zionsville, Indiana (the “Zoning Approval”), voluntarily agrees and commits that said Zoning Approval shall be conditioned upon the following Amended Commitments:

1. That there are zoning commitments that were recorded with the Boone County Recorder’s Office on November 21, 2008, as Instrument Number 2008-00010861 (the “Zoning Commitments”) which govern the use and development of the Real Estate, consisting of approximately 57.53 acres.
2. The Zoning Commitments include voluntary commitments and restrictions concerning the use and development of the Real Estate, including prohibiting “Automobile Repair Service Station (no sale of gasoline or overnight storage of vehicle allowed but a quick service oil change will be permitted)”.

3. In the zoning application identified as Docket Number 2016-45-CA, owner seeks approval to amend the Zoning Commitments applicable to the Real Estate to permit an Automobile Service Station.

In order for a service station/fuel station use to be permitted on the Real Estate, the specific prohibition regarding “Automobile Repair Service Station (no sale of gasoline or overnight storage of vehicle allowed but a quick service oil change will be permitted)” on the Real Estate in the Zoning Commitments is hereby vacated and terminated.
5. Except for terminating and vacating the prohibition of “Automobile Repair Service Station (no sale of gasoline or overnight storage of vehicle allowed but a quick service oil change will be permitted)”, the remaining terms and conditions, including but not limited to, the list of prohibited uses set forth in Attachment A contained in the Zoning Commitments, shall remain in full force and effect with respect to the Real Estate.

These AMENDED COMMITMENTS shall be executed and recorded by Owner in the Office of the Boone County Recorder, Boone County, Indiana, and shall be considered a covenant running with the land described herein as the Real Estate, as set out in Exhibit A.

These AMENDED COMMITMENTS shall be binding on Owner, subsequent owners of the Real Estate, and other persons or entities acquiring an interest therein (hereinafter collectively the “Owners”). Owner shall have an affirmative duty to inform any third parties with whom Owner negotiates for a possible sale, lease, assignment, mortgage, or transfer of the Real Estate of the existence of these AMENDED COMMITMENTS. In the event any sale, lease, assignment, mortgage, or transfer occurs, Owner shall ensure that a copy of these AMENDED COMMITMENTS is incorporated into any such written agreement with the third party. If Owner fails to comply with the terms of this paragraph and the third party fails to perform and/or comply with the these AMENDED COMMITMENTS, the Town of Zionsville shall be entitled to receive from Owner and from each corporation and/or other third party identified above as Owners, jointly and/or severally, any and all damages which arise from this failure and shall be entitled to injunctive relief to terminate any non-compliance herewith.

These AMENDED COMMITMENTS may be modified or terminated by a decision of the Town of Zionsville Plan Commission made after a public hearing for which proper notice is given, including hearings for other land use or zoning approvals involving the Real Estate or any portion thereof.

These AMENDED COMMITMENTS shall be effective upon approval of the relief requested in Plan Commission Docket Number 2016-45-CA by the Town Council for the Town of Zionsville, Indiana, and shall continue in effect until modified or terminated as specified above and /or as prescribed by statute.

These AMENDED COMMITMENTS may be enforced jointly and/or severally by the Town of Zionsville Plan Commission, the Director of Planning for the Town of Zionsville, the Town and/or owners of any parcel of ground adjoining the Real Estate. Owner and all Owners shall be obligated hereunder to indemnify the Town of Zionsville Plan Commission, the Town (including a successor city or municipality), and hold said entities and their respective authorized representatives, including the Director of Planning for the Town, harmless from any liability, expense (including reasonable attorney fees and court costs), costs, or damages which result from the failure to perform Owner's and/or owner's obligations under the terms and conditions of these AMENDED COMMITMENTS. Throughout these AMENDED COMMITMENTS and reference to "Town" or "Town of Zionsville" shall also include any successor city, municipality, or other governmental body having land use, planning, and zoning jurisdiction over the Real Estate.

In the event it becomes necessary to enforce these AMENDED COMMITMENTS in a court of competent jurisdiction and Owner and/or any of the Owners, jointly and/or severally, are found to be in violation of these AMENDED COMMITMENTS, such violators shall pay all reasonable costs and expenses the Town and the Town's Plan Commission and other authorized representative(s) incur in the enforcement of these AMENDED COMMITMENTS, including reasonable attorney fees, expert witness fees, and court costs.

Owner and all subsequent Owners of all or a portion of the Real Estate shall be obligated hereunder, jointly and/or severally, to indemnify the Town of Zionsville Plan Commission and/or the Town and hold said entities and their respective authorized representative(s), including the Director of Planning for the Town, harmless from any liability, expense (including reasonable attorney fees and court costs), costs or damages which result from failure to perform Owner's and/or Owners' obligations hereunder and/or to comply with the terms and conditions of these AMENDED COMMITMENTS.
