Dear Counselor Culp,

Thank you for all your work on this. I support this measure and would like to see a Conservation District adopted.

I have spoken to both people who support the commission and who don't and have found that there really is a disconnect in communication. The people who are supportive seem to be on the same page as you. The people who don't support the commission are very concerned about enacting a Preservation District. I think levels of support will change once we get past the confusing language of the statute.

Thanks,  
Erin Effner
