Subject: Historic District

Hello Town Council, I am a homeowner in the village on N. Maple St.

I have been watching and staying involved with this issue for a while, as I feel it is important to keep the rich DIVERSE history of our village intact. The last meeting was mostly respectful, and I felt both sides were able to express their viewpoints. I was, however, most offended by the condescending MORON who felt he could use the repetitive, hateful leftist buzzwords "DIVERSITY and INCLUSION" by shouting "Shame on you who oppose DIVERSITY and INCLUSION" by allowing the whole village landscape to change because of their misguided wokeness. Zionsville IS a place of diversity and inclusion, and I won't have that rubbish shoved down my throat by these folks,the ghost mayor or anyone else. Not one town council member objected to that verbal attack on people who have a different opinion. Let me be clear - I will not be attacked by ignorant leftists who think they can misrepresent this draft by crying "shame on you" while they lie through their teeth. I will not tolerate them leaving fliers at my doorstep that again state nothing but lies regarding this ordinance. I rebuke these signs that blatantly misrepresent the ordinance.

The whole pretense of "hate has no home here" is B.S. The people with those signs OWN hate. They are the ones who will not tolerate any viewpoint except theirs.

You had better be prepared for push back at the next meeting if you think we are going to sit there and be insulted by an uninformed mob that attempts to propagandize this ordinance.

Fair warning, and get a backbone people.
