Subject: I vote NO to a Conservation District

Good morning Town Council members,

I vote NO to a Conservation District, which in a few years would automatically turn into a Historic District, unless contested.

I am in favor of saving homes that are Historically significant, but I believe there must be other means to accomplish this, than a Conservation District.

I am NOT in favor of a requirement for all homeowners in Village to pass a COA to make additions to our homes. We love and respect the architecture of our century home and have done our best to be true to its aesthetics when remodeling and for our additions.

Thank you for your service to our community!
