Subject: Proposed Ordinance for Historic Preservation

Zionsville Town Council;

I oppose the proposed Ordinance for Historic Preservation.

I am proud to have lived and raised my family in Zionsville for more than 25 years (8 in The Village). If I had known that there was a chance that the town would restrict my property rights in The Village, I would have stayed in Country Wood. Being a mostly conservative community, I never would have thought that our local government would try to limit my rights beyond the zoning laws that should exist.

If you go down this path, would I have been safe in my old home??

Jon
