Subject: Support for the Zionsville Historic Preservation Commission Ordinance

Town Council,

Currently there is no method or system for the protection of Zionsville's historical properties, therefore, I support the adoption of the Historic Preservation Commission Ordinance. I fear that delaying this action will position the Town in a way that gives us no recourse to protect a historically valued property in the future. Please give us a system for evaluating, as a town, whether a property should or should not be saved from irreparable change.

Sincerely,

Abigail Klaehn
640 Valley View Drive
Zionsville, IN
