

## ZIONSVILLE WASTE WATER MONTHLY REPORT

	<u>APRIL 2010</u>	<u>APRIL 2009</u>
TOTAL FLOW	30.27 MG	47.49 MG
HIGHEST DAILY FLOW	1.432 MG	3.517 MG
AVERAGE DAILY FLOW	1.044 MG	1.583 MG
PRECIPITATION	2.4 in	8.4 in
NPDES VIOLATIONS	0	0

### ADDITIONAL COMMENTS:

1. The first quarter budget analysis was provided to the Town Manager and Council. An overall shortfall of \$32,000 is anticipated and is attributed to line item #3-14, Accounting. It is too early to tell if an additional appropriation will be required to fund the shortfall or if re-appropriating from another line item can be accomplished.
2. The 2010 Sewer Project went out for bid in April with the bid opening scheduled for May 13, 2010 at 1:00pm. This year's project involves in place lining of sewers along West Sycamore Street, Fourth Street, and Hawthorne Street from Fourth to the alley just west of Elm Street.
3. A yearly inspection of the waste water treatment plant was performed by our inspector from the Indiana Department of Environmental Management on April 29, 2010. The treatment plant was found to be in compliance within all parameters that were inspected.
