AVERAGE DAILY FLOW	0.882 MG	0.898 MG
PRECIPITATION	3.6 in	4.7 in
NPDES VIOLATIONS	0	0
PERCENT FLOW CAPACITY	44%	45%

ADDITIONAL COMMENTS:

- The proposed 2015 Budget for the Wastewater Department was provided to the Town Council for consideration at November's Agenda Meeting. The amount requested for 2015 out of the Operating Fund is \$2,484,638 which is an increase of \$126,900 more than the amount requested for this 2014.
- There were two bids for the Irishman's Run Lift Station project with the low bid being submitted by M.K. Betts Engineering and Contracting, Inc. for \$230,000. The other bidder, Maddox Industrial Contractors, Inc., had a bid of \$271,750.
- Work continues on the 2014 Sewer Rehab Project. The pipes have been rehabilitated on Eagle View Court. There was a setback on the section that was to be open cut as a large tree necessitates changing the route slightly. This will delay the project until new manhole structures can be manufactured. The project should still finish by the required completion date.
