STREET AND STORMWATER DEPARTMENT REPORT FOR THE MONTH OF NOVEMBER, 2015

1. **STORMWATER PERMIT ACTIVITIES**

- a) Four (4) stormwater pollution prevention plan inspections were conducted at permitted construction sites.
- b) Three (3) Stormwater Individual Lot Permits were issued for new residential construction projects.
- c) Participated in walk-throughs of the Hidden Pines subdivision and Quail Run II projects. The walk-throughs are conducted to ensure that storm sewer and other infrastructure is properly constructed in accordance with local standards, particularly where the infrastructure is being dedicated to the town.
- d) Working on updates to the town's Stormwater Quality Management Plan, Parts B and C. The updated plan sections are to be submitted to the Indiana Department of Environmental Management along with the Rule 13 Annual Report, due January 15th, 2016.
- e) Worked with the SullivanMunce Cultural Center and local artists on a rain barrel design and public art program. Eight (8) barrels were donated by the Street and Stormwater Department, decorated, and put on public display at local businesses throughout the Village. The barrels were auctioned-off at the Do It Again Recycled Art Market at the SullivanMunce Cultural Center on November 7th. 236 people attended the Market and all of the rain barrels sold raising \$620 for the Cultural Center.
- f) The Street and Stormwater Department was awarded a \$1,900 grant from the Boone County SWMD Community Grant Program to help fund a rain barrel program in 2016.
- g) Conducted stormwater facility assessments at Fire Station 91, the Wastewater Treatment Plant, and Municipal Services Building. The assessments are conducted to ensure that the Stormwater Pollution Prevention Plan for each facility is being properly implemented.

2. STORMWATER PROJECTS AND DRAINAGE

- a) Completed the repair of a collapsed major storm sewer in the Raintree Place subdivision.
- b) Developing a project to replace a failed storm sewer in the Northern Meadows subdivision.

3. 96TH ST./ZIONSVILLE RD. INTERSECTION IMPROVEMENTS

Design work is nearly complete and right of way engineering has begun on this Boone County Economic Redevelopment Commission funded project which will realign the existing intersection, provide additional lanes through the intersection and modernize the traffic signal equipment. As a portion of this project is within Marion County, an interlocal agreement with the City of Indianapolis Public Works Board (DPW) is required. At its November 19th meeting, the Public Works Committee of the Indianapolis City-County Council approved the interlocal agreement and will forward it on to the full council with a “do-pass” recommendation. Construction is scheduled to begin in the spring of 2016.

4. BLOOR LANE PATHWAY

Design work is nearing completion, and right-of-way engineering has begun. It is expected that the new right-of-way necessary for the project will be donated to the Town in accordance with the proposal received by the Town Council on or about August 18th. Construction is expected to begin in the summer of 2016.

5. PAVEMENT EVALUATION

USI Consultants, Inc. has completed the evaluation of road pavement on all public streets in the urban service district and has provided a final report to staff.

6. 2015 ROAD REHAB PROJECT

Work is nearly complete on this year’s projects with the exception of the final surface layer of asphalt on Phillips Place. This work is expected to be completed the first week in December. The contractor will return in the spring to ensure that all turf areas have been properly restored to an acceptable condition.

7. 2015 LEAF COLLECTION

The annual curbside leaf collection for residents in the urban service district concluded as of the week of November 30th.
