

## ZIONSVILLE STREET AND STORMWATER DEPARTMENT

1075 PARKWAY DRIVE, ZIONSVILLE, IN 46077

PHONE: (317) 873-4544 • FAX (317) 733-2275

---

### STREET AND STORMWATER DEPARTMENT REPORT FOR THE MONTH OF DECEMBER, 2015

#### 1. **STORMWATER PERMIT ACTIVITIES**

- a) Eleven (11) stormwater pollution prevention plan inspections were conducted at permitted construction sites.
- b) One (1) Stormwater Individual Lot Permit was issued for a new residential construction project.
- c) Completed updates to the town's Stormwater Quality Management Plan, Parts B and C. The updated plan sections will be submitted to the Indiana Department of Environmental Management along with the Rule 13 Annual Report, due January 15<sup>th</sup>, 2016.
- d) Presented to the Village Residents Association at their monthly meeting on December 8<sup>th</sup> to discuss drainage issues in The Village and provided information about the upcoming Fourth Street Storm Sewer Improvement Project, Phase 1.
- e) Hosted a meeting at Town Hall of the INAFSM Inspectors Group to facilitate planning of 2016 goals and to develop an abstract for the upcoming 20th Anniversary INAFSM Conference in 2016.
- f) Conducted stormwater training for Street Department staff on illicit discharge detection and elimination and municipal operations pollution prevention. Staff training is required under the town's NPDES stormwater permit.

#### 2. **STORMWATER PROJECTS AND DRAINAGE**

- a) Completed a project to replace a failed storm sewer in the Northern Meadows subdivision. A new inlet structure and approximately 120 linear feet of new HDPE pipe were installed.
- b) Completed a project to install a high-capacity storm sewer inlet grate on an existing structure north of Starkey Rd. The new grate is designed to reduce the frequency of floodwaters overtopping Starkey Rd. during heavy rain events.

3. **96<sup>TH</sup> ST./ZIONSVILLE RD. INTERSECTION IMPROVEMENTS**

Design work is nearly complete and right of way engineering has begun on this Boone County Economic Redevelopment Commission funded project which will realign the existing intersection, provide additional lanes through the intersection and modernize the traffic signal equipment. As a portion of this project is within Marion County, an interlocal agreement with the City of Indianapolis Public Works Board (DPW) is required. The Indianapolis City-County Council has approved the interlocal and it is currently awaiting all signatures. Construction is scheduled to begin in the spring of 2016.

4. **BLOOR LANE PATHWAY**

Design work is nearing completion, and right-of-way engineering has begun. It is expected that the new right-of-way necessary for the project will be donated to the Town in accordance with the proposal received by the Town Council on or about August 18<sup>th</sup>. Construction is expected to begin in the summer of 2016.

5. **2015 ROAD REHAB PROJECT**

Work is complete with the exception of restoring certain turf areas in the spring.

6. **INDOT ROAD INVENTORY**

Upon a special meeting with INDOT staff to address street mileage and corporate limit inventory, the 2015 submittal has been made. Critical procedural changes in the inventory department of INDOT have been implemented to recognize reorganization and acknowledge the service territories established. It is hoped that future submissions will be much less cumbersome and more accurate for both Boone County and Zionsville.
