SUBJECT: **Zionsville Fire Department Annual Fire Truck Driver's Training with Special Guest**

CONTACT: Bennii Weldy, Public Education Officer
bweldy@zionsvillefire.com 317-873-5358

Season's Greetings!

The Zionsville Fire Department has for many years completed annual drivers training with the firefighters, but not until recent years have we had a special guest join us. We have just received word that we will once again have the great honor of escorting Santa Claus through our great community for this year's driver's training! For 12 days leading up to Christmas night, Santa will be accompanied by our firefighters on the fire engine as he tours through the neighborhoods. Don't be alarmed if you see a lot of emergency lights and hear Christmas carols in your neighborhood, it's just jolly old St. Nick. Look for updates on his location, announcements and pictures on the Zionsville Fire Department Facebook Page and website. Listed below are approximate arrival times for each neighborhood. Unfortunately, Santa won't be able to make it down each street, but he will be down the vast majority of them. The nightly drivers training routes are subject to delay due to responding to emergency runs, up until 8:00pm. Regrettably, some nights might even be cancelled. We will make every attempt to update Santa's status on our Facebook Page. In the event that the tour for the evening is cancelled, we will make our best effort to cover those neighborhoods on the remaining nights before Christmas. We are excited to be able to take part in such an honor. Be sure to turn on your porch lights and keep watch out your windows and listen for the Christmas music on the night Santa is scheduled for your neighborhood. If you have questions about the driver's training route, times or other issues, please feel free to contact Bennii Weldy, Zionsville Fire Department Public Educator at bweldy@zionsvillefire.com. The members of the Zionsville Fire Department wish you a happy holiday season!
