#### 7. OTHER MATTERS

8. ADJOURN The Next Regular Town Council Meeting Is Scheduled For Monday, August 18, 2025 At 7:30 A.m. In The Zionsville Town Hall Council Chambers. Final Notice Will Be Posted In Compliance With The Indiana Open Door Law.

# ZIONSVILLE TOWN COUNCIL MEETING MINUTES FOR JULY 21, 2025 AT 7:30 A.M. EST ONSITE MEETING 1100 West Oak Street

This meeting was conducted onsite.

Council Members Present: Jason Plunkett, President; Tim McElderry, Craig Melton, Evan Norris,

Sarah Esterline Sampson, and Joe Stein

Absent: Brad Burk, Vice-President

Also Present: Heather Harris, Town Council Attorney; Mayor John Stehr; Deputy Mayor Justin Hage; Mike Dale, Director of Planning & Building; Cindy Poore, Director of Finance & Records; Lance Lantz, Director of DPW; Amy Lacy, Municipal Relations Coordinator and other Town staff.

Due to technical difficulties, the beginning of this meeting was not recorded.

#### **OPENING**

- A. Call meeting to order
- B. Pledge of Allegiance

President Plunkett called the meeting to order at 7:30 a.m.

#### APPROVAL OF CONSENT AGENDA ITEMS

- A. Approval of the July 7, 2025 Town Council Minutes
- B. Approval of the July 21, 2025 Claims

Motion to approve the Consent Agenda by President Plunkett. Second by Councilor Sampson. Consent Agenda was approved by a vote of six in favor, zero opposed.

#### REQUEST TO SPEAK

A Request to Speak was submitted by Leslie Carter, 255 W Pine Street. She withdrew her request, choosing to speak during the public hearing regarding item 6 A, the Alley Vacation at Hawthorne and Second Streets.

#### MAYOR/ADMINISTRATION UPDATE

\*\*\*This is where recording started\*\*\*

Stehr

... reopening of the bridge. We'll reopen the Holliday Road nature trail which connects Holliday Farms with 975 East. Also I wanted to let you know that we have entered into an agreement to paint the lampposts in the Village. There is faded paint on most of them and rust on some of them. They will be sandblasted and repainted in Zionsville green. This expense is covered under the current budget. Work on this should begin in late August or early September so they will be bright and shiny for the Fall Festival come October.

The Zionsville Street Dance is coming up on August 2<sup>nd</sup>. This will be the first such event of this size since the Designated Outdoor Refreshment Area was put into place earlier this year. The Main Street organization has had two of its Mingle on Main events so far, both have been very well received and well attended and DORA has really been a great addition to that.

And finally, and normally I wouldn't make this part of my Administration report but I wanted to take a moment to mark the passing of Doug Pendleton. Most people around here know him as the Wine Guy. Doug owned and operated the Grapevine Village for nearly 30 years on Main Street in Zionsville and arguably his business did as much as any to draw people back to Zionsville again and again over the years. His kindness and knowledge for his customers were legendary. Doug died as a result of injuries suffered in an accident in Fort Wayne earlier this month at the age of 77 and he will be surely missed. And that's all I have. Thank you very much.

#### **OLD BUSINESS**

### Consideration of a Right-of-Way Vacation (Holliday Farms) (Final Reading) Ordinance 2025-16

Plunkett

Thank you. All right, first item up of Old Business is a Consideration of a Right-of-Way Vacation. This is for Holliday Farms. This is a final reading, Ordinance 2025-16. I know we heard this at the last meeting. We have Mike Dale, Director of Planning & Building here if needed. Are, are there any questions or comments from Councilors?

Sampson

Did we hear anything from anyone? Because I got nothing from anybody worried about it from Holliday Farm.

Norris

I didn't hear one word.

Sampson

Okay.

Plunkett

Otherwise I would entertain a motion.

Norris

So moved.

Plunkett We have a first from Councilor Norris.

Melton Second.

Plunkett Second from Councilor Melton. All those in favor signify by saying aye.

All Aye.

Plunkett Those opposed same sign.

[No response]

Motion passes 6 in favor, 0 opposed.

## Consideration of an Ordinance Regarding Right-of-Way Consent to Encroach (Final Reading)

**Ordinance 2025-17** 

Plunkett Up next is a Consideration of an Ordinance Regarding Right-of-Way Consent to

Encroach. This is also a final reading, Ordinance 2025-17 and we have DPW Director, Lance Lantz, here if there are any questions from Councilors. Are there

any questions? Having none I would entertain a motion.

Harris And just a reminder – there's an amendment which I'm happy to explain. There's

just a few technical amendments as well as Councilor Melton at the last meeting requested clarification about providing written permission if you're going to have something in the street or on the sidewalk for more than 24 hours and also to clarify that if you are required to have lamplights or some kind of cones that would be at the requestor's cost and so those are included in the changes.

Plunkett Thanks Heather. Any questions or comments from Councilors? Having none I

would make a motion to approve Ordinance 2025-17 on final reading with the

appropriate amendments.

Norris Second.

Plunkett I have a second from Councilor Norris. All those in favor signify by saying aye.

All Aye.

Plunkett Those opposed same sign.

[No response]

Motion passes 6 in favor, 0 opposed.

#### **NEW BUSINESS**

Consideration of an Alley Vacation (Hawthorne & Second Street – Kennedy) (Public Hearing) (First Reading) Ordinance 2025-18

Plunkett

First item of New Business is a Consideration of an Alley Vacation. This is Hawthorne and Second Street. This, this is Ordinance 2025-18. This is a first reading. We have Mike Dale, Director of Planning & Building, Dale Kennedy, the petitioner, and I believe we also have Leslie Carter, Leslie B. Carter who also will give consideration during the public hearing so. Mike, go ahead yes.

Dale

Good morning. I'm Mike Dale, Director of Planning & Building. Clarence and Cheryl Kennedy are here to request a vacation of a public alley between Lots 2 and 3 in the original plat of the Town of Zionsville. The petitioner owns both of those lots located west of South Second Street. The petitioner is asking to, seeking to build a house on Lot 3 which is located south of the subject alley. They are needing or requesting the additional area of the alley for purposes of avoiding variances for lot coverage, minimum lot coverage and minimum building setbacks when they propose to build their house. They wish to vacate the entire 16.5-foot alley located between Lots 2 and 3. The alley is currently improved with gravel and supports overhead utilities and underground conduit for charter Spectrum which is an internet, TV, mobile phone services provider. The Department of Public Works has issued a letter as part of the review for this project indicating that the vacated area should remain, remain as a utility easement allowing for continued maintenance of the utilities within the easement.

Staff notes that there is a residential garage located west of the alley. Presumably the owner from time to time of that garage uses this alley for accessing the garage, however, there is a reference in the proposed ordinance under Section 3, Access and Utilities, that states that the public access for unimpeded vehicular and pedestrian use shall be provided by the owner of the area. So in other words, even though this alley would become privately owned, it would still remain publicly accessible both for maintaining the utilities and for pedestrians wanting to or needing to use that alley. That's all I have for you at the moment. If you don't have any more questions for me or any other questions for me, the petitioner, I believe, is here.

Plunkett Questions from Councilors for Mike?

Sampson With this being in my district, I do see two neighbors needing use of the alley for

different reasons and I guess I wanted to hear from Leslie just to get a feel for

because I read your letter that said -

Harris Well wait just a second.

Plunkett Yes, we'll –

Harris We want to have the petitioner first –

Sampson Okay but –

Harris To present.

Sampson For, for you Mike my question would be when you write that you're okay with it

if there's the utilities and an easement, is that easement recorded and it stays with

the property not just with the current owner?

Dale Yes, in fact –

Sampson Is that an expense incurred on, on the Carters or is it on – like is there an expense

that comes with that recording?

Dale Right, within the ordinance that would be recorded it states that Ownership,

Maintenance and Repair the bordering properties are owned by the petitioner at the time of consideration, the vacation will transfer ownership including all ongoing maintenance repair obligations and all liability equally to the property owners on both sides of that, that alley. So the, both the property owners are responsible for maintaining the alley and also whoever may have access or need to use the alley for those, those utilities would have a right to access and maintain

the utilities within that easement.

Sampson Okay. So instead of recording of that easement would be –

Dale It'll obligate the owners –

Sampson Whose obligation?

Dale It obligates both. It obligates the owner to maintain the easement and also

provides the, those interests that have utilities within the easement to maintain, it

gives them a right to maintain those utilities.

Sampson I'm thinking more if Ms. Carter sells her property, how does she ensure that the

next people have that easement?

Dale Well this work will be recorded and will be found in any title search whenever

there's a transfer of ownership.

Lacy And Sarah, the town normally does that.

Sampson Okay.

Lacy And it's just like a \$25 fee.

Sampson Okay. I just wanted to make sure that that was like not just something at this

meeting that's lost in minutes and – okay.

Dale No. Good question.

Plunkett So the idea, Mike, is that – I know we've done this in the past, especially when

alleyways aren't really used regularly in the Village. The idea is that, if I read

this correctly, half of the alley that exists now would provide Mr. and Mrs. Kennedy the opportunity to build whatever house they need without a variance request.

Dale

Well, it depends on the size of the house they want to build. At least, if it doesn't eliminate – if it doesn't eliminate the need for a variance, it will minimize the need for the variances.

Plunkett

Yes.

Sampson

Kind of a concern I had too because of the feedback we got from a house on Main Street being bigger than the general consensus wanted it and if we take this away and then suddenly a bigger house appears we've kind of created the path without seeing the horse. So that was just my one – but I was thinking maybe you would have had some sort of access to what is planned to be built because you said it still needed variances or is that just supposing that it would still?

Dale

I think – I'm not quite sure on the status of the proposal. Roger Kilmer had been working on this, though there has been discussion within the office about their proposal to build a house on the lot, on, on Lot, on the southern lot, Lot 3, I believe, and the calculation for lot coverage and building setback looks like the owner would, would encounter the need or a request to exceed the minimum lot size, minimum lot coverage and to exceed the minimum setback for that area next, next to the alley. There was also conversation among staff that even if the alley vacation is granted, the owner may still be challenged or may still want to seek those variances.

Plunkett

Mike, the Finding of Facts in here that says that the Town Council has determined the proposed alley vacation is in the public interest because the alley serves no public function or present and its vacation does not cause hardship to other properties or lots or eliminates future access. That's, that's staff's finding, correct, that we would then sign off on?

Dale Correct.

Plunkett That's the –

Dale Yes, that's correct.

Plunkett Okay. Any questions for Mr. Dale?

Dale Thank you.

Plunkett Okay. I would point out that this is a public hearing. I have proof of the

publication of public notice of the hearing. At this point I'll open the public

hearing if anyone from the public would like to speak on the matter.

Kennedy I'm Clarence Dale Kennedy. I'm the petitioner and I went over, Mike Andreoli is

my attorney and we've went over the recommendations. Also had some

conversation with Roger Burrus which is representing Leslie and my wife and I have no interest in building across the easement and we're willing to keep it open

for the access for the necessary use for anybody in the area that needs to. We're just needing the area to try to stay within the restraints of the standards for building a home and it's really challenging on these smaller lots in town to not go over the 35% lot coverage and in order to try to help build a home that is, that someone might want to live in, it's come to our attention if we vacate the, if we can vacation the alley then we can come closer to getting what we feel is needed for our home and try to stay within the restraints and the setbacks of, without having any special easement or assessments or whatever so.

Sampson Do you already have a plan for the home that is going on there or this is a

concept?

Kennedy No, no. We've got an actual plan that is right at the 35%, actually it's 37%

because we're going to put in a small pool there.

Sampson And this is an investment property you're looking to sell?

Kennedy No, no. It's my home.

Sampson Okay.

Kennedy It'd be for my home and we've, and we actually had two lots there and we

combined both of those to try to accommodate that but part of the second lot was given away prior to my ownership of it to, when my one neighbor would built, expanded his garage and stuff some of the land was given to him in prior years and that kind of put a little bit of a squeeze on trying to get a piece of property where, where you have adequate size rooms for – we're trying to make it all wheelchair accessible so that in all the rooms so that it's maybe a little larger

than the standard for that reason.

Plunkett Any other questions for Mr. Kennedy? Thank you. Any other members from the

public? Sure.

Carter Good morning. I assume you all got my letter and my papers and that –

Plunkett Ms. Carter, would you please just state your name for the record?

Carter Leslie Carter –

Plunkett Thank you.

Carter Address is 255 West Pine Street.

Plunkett Thank you.

Carter That alleyway is the only way we have to access our garage. There's an alley that

runs, if you look at the pictures, that runs side to the house but you cannot turn into the garage and even with that alley there it's hard to get into one of them. So if you totally vacate the alley without a, without an easement we: 1) No vehicle can get in there; and 2) My property values would tank. So I'm more than happy to have Dale Kennedy own it as long as he keeps it open and has a perpetual

access easement for vehicles that, that is, that will go with the house when I, when and if I ever sell it. That's my biggest concern. I mean that is the only way and that, that garage was built because the alley was there. I mean back in the old days that's what they did. They had detached garages and they put it because of where it was.

Plunkett So, Ms. Carter, just to be clear, you would not be opposed to this assuming you

had access to that alleyway?

Carter Assuming I had it in writing that it would go with the house forever, yes. An

easement.

Plunkett So, perhaps, Mike, is there, is there such thing as a perpetual access easement and

would the utility easement essentially serve that purpose?

Norris That's what I was gonna ask.

Dale Yes, exactly. Section 2 of the ordinance or Section 3 that is, states that the area to

be vacated shall remain as a perpetual access and utility easement.

Norris Yes, that's what I was gonna ask. So, so does #3 assuage everyone's concerns

here?

Dale Well, I can't speak for everyone.

Norris Well, everyone, everyone that's spoken today?

Dale To my knowledge, yes.

Norris Okay.

Sampson I wasn't sure if that had to be spelled out that the access could be specifically for

her address or – because when I read it I did read perpetual access and utility easement and I wanted to make sure there was no murky area where it was just the utilities had a perpetual access since that's in the same conjunctive sentence.

Dale Right and the next sentence expressly states a public access shall remain

unimpeded –

Sampson Okay.

Dale For, for vehicular and pedestrian use.

Sampson And so there's no need to put her address in here or?

Dale I don't believe so.

Carter I don't either.

Sampson Okay.

Plunkett So I guess, Ms. Carter, just to be clear – this ordinance seems to address your

exact concerns?

Carter That's the, what he just said does address my concerns.

Plunkett So with, with that I guess in your email you mentioned you would be willing to

withdraw your objection understanding that are you, you're okay with this then?

Carter As long as that means that forever –

Plunkett Yes –

Carter It can be accessed with a vehicle, I'm, I'm good.

Plunkett Sure. Thank you.

Carter Yes.

Plunkett Any other questions for Ms. Carter?

Sampson I have one more. Oh, not for her – I'm so sorry. This is for Mike Dale. So,

therefore, does he need to keep the rock road there as an access or could it

become grass or, like I want to make sure we have that clarified.

Carter Can I address that? We have maintained it even though it's, it's town owned.

They did put gravel in one time when I called early on when I moved in but – and they grade it once a year but I pay to have the weeds sprayed or my son to weed whack and then spray with vinegar. We've maintained it and it can't be grass for

the cars.

Sampson So if we vacate, we no longer take care of it.

Carter I know.

Sampson So that's just –

Carter Yes –

Dale Well, but I don't know to what extent the town has been taking care of it –

Norris That's what I was gonna say –

Dale Anyway.

Sampson Well, she just said we graded it.

Dale Well yes –

Sampson But I'm telling her that we would stop coming.

Carter Right.

Sampson Okay.

Dale Yes, it states in the last sentence there that the ownership is responsible for all

ongoing maintenance, repair obligations and all liability equally to the property

owners and subsequent owners of the two bordering property – so, that –

Sampson But that goes back to you.

Carter Yes.

Dale Yes.

Kennedy And that's fine.

Plunkett Any other questions from Councilors?

Melton Yes, I actually – this is kind of a side comment with regards to future

development in the Village with regards to accessory structures such as garages. It looks like this garage in this photo that you've given us – this is really a question for Mike, actually, so don't scoot. Setbacks or side setbacks do you know off the top of your head is that generally 5 foot on structures like these? Is this, I guess my question is the structure. I'm not asking if this one is legally built because I don't wanna go there. My question really is I see a fence that comes out about 4 feet, 5 feet in the picture and I'm, I'm guessing we have these all around town where we have garages on alleys where there may not be a perpendicular access point like this one and I just was curious is, is this typical? I'm from the west side over here and I don't travel all these alleys as often as I should but is that, is this a continued problem to have like – we had one other access like this where it was a dead end and we were vacating an alley and there was some pushback back and forth on a similar situation where it was a dead end near the Big 4 Rail Trail and all that. I guess I'm just asking side setback, this would be a rear side setback of 5 feet for an accessory structure. Is that our

requirement for an accessory structure off of an alleyway?

Dale Mr. Melton, I believe the current standard is 20 feet but I would need to confirm

that for you.

Melton Okay. I guess in the future that maybe something we'd want to investigate as we

clean our ordinances up a little bit and just make sure that we're building these

things in the proper areas.

Plunkett Anything else for Mr. Dale? All right, at this point I will close the public hearing

unless there's anyone else from the public who would like to speak. All right, so, again, we have, this is a first reading for Ordinance 2025-18 Consideration of an Alley Vacation. Any questions or comments from Councilors? Otherwise I

would entertain a motion.

Norris I would make a motion to introduce Ordinance 2025-18 on first reading.

Stein Second.

Plunkett First from Councilor Norris, a second from Councilor Stein. All those in favor

signify by saying aye.

All Aye.

Sampson Those opposed same sign.

[No response]

Motion passes 6 in favor, 0 opposed.

## Consideration of an Ordinance Amending the Subdivision Control Ordinance (Petition 2025-49-OA) Ordinance 2025-19

Plunkett Up next on the agenda is a Consideration of an Ordinance Amending the

Subdivision Control Ordinance. This is Petition 2025-49-OA, Ordinance 2025-19

and we have Mike Dale, Director of Planning & Building to present.

Dale Hello, good morning again. This next item is a Code amendment to Chapter 193

of the Code of Ordinances for the Town of Zionsville which is also known as the Subdivision Control Ordinance for the Town of Zionsville. The state legislature signed a bill recently that requires local units of government to amend their Subdivision Control Ordinances that would require the use of FEMA flood plain maps and NOAA (National Oceanic & Atmospheric Association), NOAA, their precipitation data when reviewing primary plats. So primary plats are the first stage in the subdivision of land for a major subdivision and those primary plats are reviewed by staff for compliance with our local regulations. What this ordinance would do is make sure that we're also reviewing flood plain maps and NOAA precipitation data when assessing these primary plat proposals. And so this is really kind of a housekeeping matter of just making sure our ordinance, our Subdivision Control Ordinance, complies with this recent legislation.

Plunkett Thanks Mike. Are there any questions from Councilors?

Sampson Are these - oh, go ahead.

Norris The only thing I was going to ask is when, I know there were a lot of deadlines

that passed by July 1st. Was this one of those that we need to accelerate this at

all?

Harris I don't think so. I mean –

Norris Okay.

Dale It became effective, the legislation became effective July 1<sup>st</sup> so we're just doing

the best we can to keep up –

Norris Clean up?

Dale With the legislation.

Harris And also this comes from the Plan Commission so we just –

Norris Oh, it's a final, okay. That's, my whole purpose was to see if – never mind.

Sampson Yes.

Norris Got it.

Plunkett Any other questions from Councilors? Having none I would entertain a motion.

Melton Motion to approve Ordinance No. 2025-19.

Plunkett I have a first from Councilor Melton.

Norris Second.

Plunkett Second from Councilor Norris. All those in favor signify by saying aye.

All Aye.

Plunkett Those opposed same sign.

[No response]

Motion passes 6 in favor, 0 opposed.

## Town Council Renewal of the Municipal Solid Waste Recyclable and Compost Collection and Disposal Contract By and Between Town of Zionsville and Priority Waste LLC

Plunkett Up next on the agenda is, is the Town Council Renewal of the Municipal Solid

Waste Recyclable and Compost Collection and Disposal Contract by and between the Town of Zionsville and Priority Waste, LLC. We have DPW

Director, Lance Lantz, here who will walk through this for us.

Lantz Thank you and good morning. We are currently in our third and final year of our

trash contract with Priority. Because it takes a, can take a very long time to bid these projects or solicit proposals, we wanted to kinda lock this up now and get it off everybody's radar and extend this contract as the original contract allows, an additional three years of the same terms and conditions. So the contract into which we entered with Priority about 2-1/2 years ago escalates rates annually at 3%. This contract extension continues that 3% annual escalation. So if you are inclined to approve this and I do recommend that you do, the motion today would be to approve the contract extension with the authorization of the Council

President to sign on your behalf. That was the same approach we took with the initial contract. So I would be happy to answer any questions you might have.

Plunkett Any questions for Mr. Lantz?

Stein My only question – can we? I mean I know we oftentimes have to have sealed

bids. Is this a situation where we can avoid that and just approve it?

Harris Yes, we can because actually when the Town Council approved the original

contract, we approved it with this ability to renew and also there's not a real, real rate increase because it follows the pricing that we'd already set out in the

original contract.

Stein Okay.

Plunkett Any other questions? I would make a motion then that we approve the renewal of

the contract by and between the Town of Zionsville and Priority Waste, LLC.

Sampson Second.

Plunkett Second from Councilor Sampson. All those in favor signify by saying aye.

All Aye.

Plunkett Those opposed same sign.

[No response]

Motion passes 6 in favor, 0 opposed.

Norris Nice, everyone's on the same page.

#### OTHER MATTERS/ADJOURN

Plunkett Everybody wants it. All right, up next are Other Matters. Are there any other

matters from Councilors? Having none, I would make a motion to adjourn.

Norris Second.

Plunkett Second from Councilor Norris. All those in favor signify by saying aye.

All Aye.

Plunkett Those opposed same sign.

[No response]

Motion passes 6 in favor, 0 opposed.

The next regular Town Council meeting is scheduled for Monday, August 4, 2025 at 7 p.m. in the Zionsville Town Hall Council Chambers. Final notice will

be posted in compliance with the Indiana Open Door Law. Thank you.

Respectfully Submitted,

Amelia Anne Lacy, Municipal Relations Coordinator Town of Zionsville I hereby certify that each of the above listed vouchers and the invoices, or bills attached there to, are true and correct and I have audited same in accordance with IC 5-11-10-1.6.

Re: 2025 2<sup>nd</sup> Quarter Financial Review

#### **Quarter 2 Summary**

Currently, everything is running smoothly in the Finance Dept.

- All bank reconciliations are up to date and uploaded to Gateway along with the other documentation we are required to upload.
- At the end of June, the State Board of Accounts started an audit on our 2024 financials, as well as a Federal Audit.
- We have signed a contract with ACS to do an asset audit for the town. This will start at the end of July. An asset audit is important due to the fact we must report our assets to SBOA annually on the annual financial report (AFR). Reporting depreciation is part of the reporting and something that we have not been able to do.
- I have started focusing on the Finance page of the town website. The Fund and Appropriation reports have been posted through June 2025. We'll be working to get the rest of the finance page updated.
- The 5-year financial plans have been updated through 2030. We are now focusing on 2026. You should be receiving the updated financial plans in the near future.

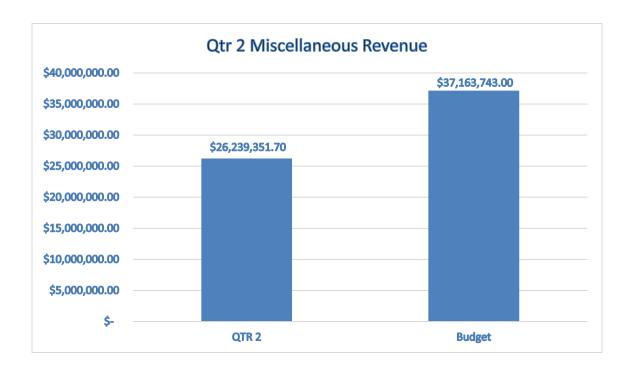

Please don't hesitate to reach out if you have any questions.

Cindy

## **Miscellaneous Revenue**

Miscellaneous revenue is everything except for the taxes (settlement) we receive twice a year.

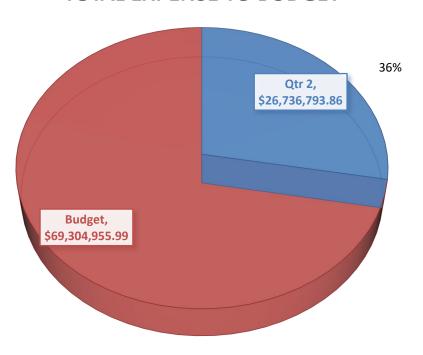

- Property Tax
- CVET
- Vehicle Excise
- FIT

# **Expenditures**

- The Payroll, Health & FSA funds have been removed from these numbers. They are passthrough funds that are not budgeted.
- The base for the budget number used is the budget, additional appropriations and encumbrances, combined.
- The numbers are also a combination of DLGF and non-DLGF budgets, so we are looking at the complete overall budget.
- ARPA transactions have been removed.
- RDC is not included.

# ORDINANCE NUMBER 2025-<u>18</u> OF THE TOWN OF ZIONSVILLE, INDIANA

# AN ORDINANCE VACATING A PORTION OF A PUBLIC WAY WITHIN THE ZIONSVILLE CORPORATE BOUNDARIES PURSUANT TO INDIANA CODE §36-7-3-12

**WHEREAS,** Indiana Code §36-7-3-12 provides for the process by which public ways may be vacated; and,

WHEREAS, on June 30, 2025, Clarance Dale Kennedy and Cheryl L. Kennedy (the "Petitioner"), petitioned the Town of Zionsville ("Town") to vacate a portion of the public way, an existing 16.5-foot-wide alley, which is generally located between West Pine Street and West Hawthorne Street, extending westward from the western right-of-way of South Second Street approximately 120 feet; and,

WHEREAS, the Town caused to be published notice of the petition and the time and place of the public hearing in the July 10, 2025, issue of the Lebanon Reporter, a copy of which proof of publication was submitted to the Town Council of Zionsville, Indiana ("Town Council") and the Petitioner notified each owner of land abutting the area of the portion of the public way to be vacated; and,

**WHEREAS,** on July 21, 2025, the Town Council held a public hearing on the petition to vacate the portion of the public way, with proper notice under Indiana Law to all interested and potentially aggrieved parties; and,

**WHEREAS,** no potentially aggrieved individual has objected under the statutory grounds provided under Indiana Code §36-7-3-13; and,

**WHEREAS**, the Town Council, after due investigation and consideration, has determined that the nature and extent of the public use and the public interest to be served is such as to warrant vacation of the public way described herein.

**NOW, THEREFORE, BE IT ORDAINED AND ENACTED** by the Town Council of the Town of Zionsville, Indiana, that:

**Section 1.** Description of the Public Way: The Right-of-way legally described herein and schematically illustrated on Exhibit A attached hereto, under the terms set forth herein, is hereby vacated:

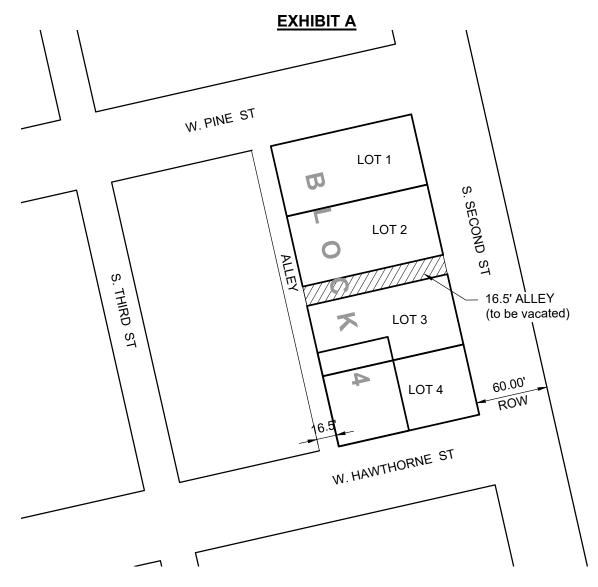

A 16.5-foot-wide alley lying adjacent to Lots 3 and 4 in Block 4 of the Original Plat of the Town of Zionsville recorded in Plat Book 2, Page 56 in the Office of the Recorder of Boone County, Indiana extending from the west right-of-way of S. Second Street to

the east right-of-way line of a dedicated right-of-way connecting W. Hawthorne Street to W. Pine Street bounded on the east by Lots 1-4 of said platted area.

- Section 2. Ownership, Maintenance, Repair and Liability. The portion of the Alley to be vacated, measuring 16.50 feet in width and extending westward from the western right-of-way of South Second Street approximately 120 feet ("Vacated Area"), is bordered on the north by property addressed as 240 S. Second Street and bordered on the south by property addressed as 210 W. Hawthorne Street. Both of these bordering properties are owned by the Petitioner at the time of consideration of this vacation petition. This vacation will transfer the ownership of the Vacated Area, including all ongoing maintenance, repair obligations and all liability, equally to the property owners, or subsequent owners, of the two bordering properties.
- Section 3. Access and <u>Utilities</u>. The area to be vacated shall remain as a perpetual access and utility easement ("A. & U. E."). Public access for unimpeded vehicular and pedestrian use shall be provided by the owners of the area. The Town retains the right to maintain, operate, repair and replace, by itself or by any licensee or holder of a franchise from the Town, any poles, wires, pipes, conduits, sewer mains, water mains, or any other facility or equipment for the maintenance or operations of any utility now, or as may be necessarily installed in the future, located in the portion of the public alley right-of-way vacated by this Ordinance. The rights afforded to the Town in this section shall also apply to any and all independent utilities legally operating within the state of Indiana.
- **Section 4.** Recording. The Municipal Relations Coordinator of the Town of Zionsville, Indiana shall provide a copy of this Ordinance to the Boone County Recorder for recording and shall file the same with the Boone County Auditor. All such filings shall be in compliance with Ind. Code § 32-21-2-3(a). The mailing address of the grantee, Dale Kennedy and Cheryl Kennedy is 8300 Cooper Lane, Zionsville, IN 46077.
- Section 5. Construction of Clause Headings: The clause headings appearing herein have been provided for convenience and reference and do not purport and shall not be deemed to define, limit or extend the scope of intent of the clause to which the appertain.
- <u>Section 6.</u> <u>Repeal of Conflicting Ordinances</u>: The provisions of all other Town ordinances in conflict with the provisions hereof, if any, are of no further force or effect and are hereby repealed.
- **Section 7. Severability:** If any part of the Ordinance shall be held invalid, such part shall be deemed severable and the invalidity thereof shall not affect the remainder of this Ordinance.

Section 6. Duration and Effect	ive Date: The provisions of this Ordinance shall become as
remain in full force ar	d effect upon passage and until its repeal by ordinance.
Introduced and filed on the was sustained by a vote of	day of <u>July</u> , 20 <u>25</u> . A motion to consider on First Reading on First Read
Indiana Code 36-5-2-9.8.

# **MEMORANDUM**

TO: Town of Zionsville Town Council

FROM: Roger Kilmer, Senior Planner in the Planning and Building Department

**RE:** Vacation Request of a portion of the 16.5-foot wide east/west Alley, generally located between West Pine Street and West Hawthorne Street, extending westward from the western right-of-way of South Second Street.

#### **Vacation Petition History:**

The Petition for Vacation of a Public Way was submitted by Clarance Dale Kennedy and Cheryl L. Kennedy (the "Petitioner") on June 30, 2025. The Petitioner currently owns the parcels on the north and south sides of an east/west alley to be vacated (Exhibit 1). The 16.5-foot-wide alley was established with the Original Plat of the Town of Zionsville, recorded in Plat Book 2, Page 56 in the Office of the Recorder of Boone County, Indiana.

The Petitioner seeks to construct a single-family residence on the undeveloped lot located south of the existing alley. As currently designed, the new residence would require multiple Development Standards Variances from the Town's Board of Zoning Appeals. These variances include deviations from the permitted maximum lot coverage and setback standards. The goal of the Vacation is to increase the width of the undeveloped lot by half of the "to-be-vacated" alley's width. With this additional width and the resulting increase in the parcel's overall size, the current layout of the proposed residence would then either comply with, or at least reduce the needed deviations related to, lot coverage and setback standards.

#### **Analysis of Current Request**

The vacation process associated with a public way has, historically, been one of determining the best method of managing capital assets of the Town. The review process conducted by Staff is focused on the management of the asset and would any one department, utility, and/or public service provider, be aggrieved if the asset were no longer in the Town's inventory.

The request is to vacate an approximate 120-foot lineal section of the 16.50' wide public alley which is bordered on the north by an improved property addressed as 240 S. Second Street and bordered on the south by an unimproved property addressed as 210 W. Hawthorne Street. This platted alley has been improved as a graveled alley and includes existing utility services. Identified utilities within this area to be vacated include overhead power lines and related poles, and an underground conduit for Charter Spectrum.

The submitted Vacation Petition and supporting documentation was distributed to the Town's departments and members of the Technical Advisory Committee (including utility providers) for their review and comment. No department or member of the Technical Advisory Committee has expressed opposition to the vacation of this alley; however, the Town's Department of Public Works has stated that the area to be vacated should remain as a utility easement, allowing for the maintenance of existing utilities within the area.

It should be noted that a neighboring garage to the west of the area to be vacated, on a parcel addressed as 255 W. Pine Street, appears to benefit from the existing, graveled alley. Vehicular access into this garage could possibly still be achieved from the remaining north/south alley, but the turning radius would be tight and limiting. If the alley to be vacated is to remain as a utility easement as requested by the Town's DPW, the addition of making this also an access easement in addition to the utility easement may remedy any

concerns from the owner of the adjacent garage. Regardless of the easement classification, if the Vacation is approved and the area is retained as an easement, the property owner(s) would not be permitted to construct or place any permanent structure within the easement area.

Therefore, Staff does not oppose the requested Vacation, provided the area to be vacated remain as a utility and access easement.

If there are any questions, please do not hesitate to contact our office.

Respectfully submitted, Roger Kilmer, Senior Planner

## **NARRATIVE**

The Applicants, Clarence Dale and Cheryl Kennedy, own Lot 2 and combined Lots 3 & 4 in Block 4 to the original Plats of the Town of Zionsville. The Applicants seek to place a single family residence on Lots 3 & 4, which will require a Setback Variance if the current property line remains as platted. The Applicants seek to vacate the 16.5' alley between Lots 2 & 3, which upon Vacation will have Lot 2 obtain 8.25' and Lot 3 obtain 8.25'.

The Alley is no longer needed as Lots 2, 3 & 4 access their respective properties from S. Second Street and/or W. Hawthorne Street as may be needed. To the west, an alley of 16.5' exists and will remain providing access from W. Pine Street to W Hawthorne Street.

The Alley Vacation would allow Lots 2 & 3 to be used in a more flexible manner and would allow the Vacated Alley to be placed back on the tax rolls. Both abutting property owners have given their consent to this Vacation.

RE: Alley Vacation – Kennedy

Dear Amy,

Please find enclosed an Application for an Alley Vacation filed by the Kennedys, as they own the Lots on either side of the proposed Vacation and have given their Consent.

The Kennedys hope that they can present this to the Town Council at the July 21st meeting. Please advise.

Very truly yours

From: Fire Chief James VanGorder

Re: August 4th Town Council Agenda ---Additional Appropriation for Fire Stations Land

Purchase

The top priority of the most recently completed Fire Station Feasibility Report is land acquisition for future fire stations to ensure the health and safety of the community. In this report we identified locations that would best serve our community. We have also met with and secured Letters of Intent to purchase two such locations, one in Western Zionsville and one in Eastern Zionsville.

The cost to purchase land for both of these locations would be \$ 3,855,200.00. Fire Department Staff met with the Mayor and his Financial Committee and concluded the best approach to secure this purchase would be to utilize cash balances. A review and analysis of available funds with cash balances that would permit the purchase of land for the fire stations were completed.

We plan to utilize \$ 200,000.00 contained within the 2025 Fire Department Budget and need an additional appropriation to fund the balance of this purchase. I would respectfully request approval to advertise an additional appropriation from the following funds, and to present the recommendation before the Town Council at your August 4<sup>th</sup> meeting.

 Special LOIT Fund
 \$ 264,956.21

 Food & Beverage
 \$ 1,000,000.00

 General Fund
 \$ 2,390,043.79

To: Town Council

Attn: President Plunkett and the Zionsville Town Council

#### Additional Appropriation Request Fund 4403500490 Construction - \$2,500,000.00

The Zionsville Board of Parks and Recreation have finalized commitments to the Next Level Conservation Trust (NLCT) program and received a \$3,000,000 grant reimbursement. The Park Board is proposing to allocate \$2,500,000 of these funds from the Parks Non-Reverting Capital Fund (Fund 4403) toward critical infrastructure components of Phase 1 construction.

The NLCT funding request will support demolition, earthwork, and rehabilitation of the entrance drive, and construction of an accessible trail network to reach amenities sponsored by other funding sources. We have reduced the scope of disturbance and site elements planned for phase 1 to reduce the overall funding requested from \$3 million to \$2.5 million.

#### \$3 Million

Access Drive w/ mountable curbs in parking area
Extended tie in grading near trails + drive
Maintenance Yard Stone
Utilities Conduit along Drive
5350 liner feet of trail
5 Wayfinding signs, 6 benches, 4 bike racks
Fence around former clubhouse w/ graphic wrap

#### \$2.5 Million

Access Drive w/reduced curbs in parking area
Reduced Earthwork/Disturbance near trails + drive
Removed Maintenance Yard Stone
Removed Conduit along Drive
5000 linear feet of trail
3 Wayfinding signs, 0 benches, 0 bike racks + pads
Removed fence + graphic wrap

Phase 1 development of the Carpenter Nature Preserve remains the Board & Department's top priority, as identified in the 2023–2028 Five-Year Master Plan and may open in 2026 without the requirement of additional

Full-Time personnel.

Subject:

Submission for Zionsville Town Council Meeting Aug 4

#### Dear Town Council members:

We, Jim and Nancy Carpenter, are writing to express our strong support for the full appropriation of available funds by the Town Council for the Carpenter Nature Preserve.

Over the last several years, the Town, the State, and other donors to the project have worked in good faith with the understanding that awards from state and federal conservation grants would be used to open the Carpenter Nature Preserve to the public.

Because we feel so strongly about the benefits of parks and nature for the citizens of Zionsville, we made the choice to donate \$1.5 million in the Bargain Sale of the Preserve to the Town of Zionsville and \$500,000 to the Zionsville Parks Foundation to help the Town of Zionsville make the Carpenter Nature Preserve a reality.

In addition, in the Purchase Agreement for the property, all parties agreed to use the funds received from the Land & Water Conservation Fund (\$500,000) and the Next Level Conservation Trust (\$3,000,000) to "purchase and/or development" of the Carpenter Nature Preserve.

Now that the Town of Zionsville owns the Preserve, it is clear that the funds from these grants are intended to be used to further develop the Preserve.

Please vote "Yes" on the resolution to <u>approve an appropriation for the Parks Department to fully utilize these funds as they were always intended</u> - to make the Carpenter Nature Preserve a wonderful and special reality for all of Zionsville.

Thanks so much, Jim & Nancy Carpenter

#### Dear Town Council members:

I am writing on behalf of the Zionsville Parks Foundation to express our strong support for the appropriation of \$2.5 million in grant funds received from the State of Indiana's Department of Nature Resources by the Zionsville Town Council for the Carpenter Nature Preserve.

# **Summary**

The Zionsville Parks Foundation was established as a 501(c)(3) nonprofit in 2021 as a friend-raising and fund-raising organization supporting parks and greenspace in Zionsville. Part of our mission has been to attract private philanthropy to the Carpenter Nature Preserve (CNP) to amplify the scope of what promises to be a premier nature destination in the region. Town Council and others planning the unique public/private financing of CNP have from early days included substantial state conservation grants in the costs of acquiring and developing CNP.

With that understanding, the Foundation has made remarkable progress in attracting donors - individuals, corporations and foundations - to the project. A failure by the Town Council to appropriate grant funds obtained by the effort of the Zionsville Department of Parks and Recreation (Parks Department) expressly for CNP will upend the very reasonable expectations under which the Foundation's donors have made their commitments. Such a failure would put these commitments at risk and impact our ability to attract future commitments. Failure to appropriate the funds for CNP also risks forfeiture of the DNR grants.

#### **Background**

A history of the project may be helpful. In March of 2021, the Zionsville Board of Parks and Recreation (Park Board) entered into a Letter of Intent with local residents, philanthropists and conservationists, Jim and Nancy Carpenter, to explore transforming the abandoned Wolf Run Golf Course into a public nature park and preserve. As contemplated, the Carpenters would purchase the property and sell it to the Town of Zionsville at a considerable discount so that the Town would be eligible as owners of the property to apply for conservation grants with the DNR. Everyone understood that any grant proceeds awarded in connection with this project would be used for the future CNP.

During the fall of 2021 to the spring of 2022, the Park Board asked the Parks Department to engage in an extensive master planning process for the property/park. The planning process included robust public and stakeholder consultation, including the discussion of potential grants that could be awarded. The process ended with a plan for phased development of the property into a public nature preserve which by then was being called "Carpenter Nature Preserve." The Park Board approved the CNP Master Plan and incorporated its essentials into its overall 5-Year Plan for 2023-2028 (also approved by Town Council).

In 2023, the Carpenters committed to sell the 215-acre former golf course, which was appraised at \$6,020,000, to the Town for \$4,520,000. Key components of this transaction were that the land remain a public nature preserve and that DNR grant proceeds be utilized to develop the preserve.

A critical piece of the financing occurred in May of 2023, when Town Council voted 6-1 to approve a \$5.5 million bond to cover the cost of purchasing the property, along with engineering, surveys and construction documents for the first phase of construction. The bond issue garnered significant public support in the form of letters and public comment. The Town's purchase of the property was completed in the autumn of 2023.

As owners of the property, the Town was eligible to apply for several conservation grants. Not surprisingly, given the great ecological value of the land, CNP was awarded a) a \$3 million Next Level Conservation Trust grant; b) a \$500,000 Land and Water Conservation Fund (LWCF) grant; and c) a multi-million dollar, ten-year commitment by DNR under the DNR-managed Indiana Stream and Wetlands Mitigation Program to repair, improve and maintain the floodplain and Eagle Creek riparian way throughout the property.

#### Grant Proceeds Are Needed Now to Open CNP under the Terms of DNR Grants to Avoid Forfeitures

One of the conditions of the Next Level and LWCF grants is that a public park open within a reasonable amount of time. The LWCF grant is a reimbursement for actual construction costs and requires construction to be complete and the preserve to be open to the public within three years of grant execution. No development or construction obviously means no grant monies as contemplated under the LWCF grant.

And the Next Level grant, despite already being paid, also requires under its terms for the subject parklands/preserve, in this case CNP, to open to the public with a reasonable time. In addition to risking forfeiture of the LWCF monies, failure to complete planned "Phase 1" development of basic infrastructure risks forfeiture and repayment of the Next Level grant funds.

[Note that in addition to requiring opening the property to the public, both grants required that conservation easements preserving the land in perpetuity be established, which easements the Park Board approved in late 2024.]

Failure to Appropriate for CNP Upsets and Breaches Private Commitments Made for the Benefit of CNP and the Town

In reliance on the use of DNR grants being used for CNP, both the Town and the Zionsville Parks Foundation have identified and successfully secured significant sources of additional private funding for CNP. These commitments have been made assuming, reasonably, that the LWCF and Next Level grant funds would be applied to CNP to fulfill the vision of the Master Plan. These commitments to the Foundation, and correspondingly from the Foundation to the Park Board, include:

- A \$500,000 Habitat Restoration Fund established by the Carpenters under a 3-way Memorandum of Understanding dated October 3, 2024, among the Park Board, the Carpenters and the Foundation; and
- Over \$300,000 in firm commitments from individuals and corporate donors (much of which has already been paid by the Foundation to the Parks Department) earmarked for amenities such as a nature playground, an amphitheater, an outdoor classroom, a wetland boardwalk and a wildlife blind.

In securing these commitments, the Foundation has established valuable relationships - not just with the Carpenters - but with other prestigious corporate and philanthropic funders such as the Efroymson Family Fund, the Duke Energy Foundation, and Eli Lilly & Company. To change now or deny use of DNR grant funds always earmarked for developing CNP and getting it open to the public would be a stark breach of trust and jeopardize the Foundation's and the Town's future relationships with these partners and funders - as well as possibly upsetting existing commitments still outstanding.

#### Conclusion

The Carpenter Nature Preserve promises to be the crowning jewel of our town's park system. It represents a once-in-a-generation opportunity to preserve and protect natural habitats along the Eagle Creek corridor in an area of rapid development and to use this remarkable property as a living classroom for future generations. Now that the grant proceeds from the DNR Next Level grant have been deposited in the Town's account, we respectfully ask Town Council to approve a \$2.5 million appropriation for the Parks Department to utilize these funds as intended - to make the Carpenter Nature Preserve open and accessible to the public.

Sincerely yours,

Tim Casady
President
Zionsville Parks Foundation
