RE: Presentation of the findings of the 5-Year Master Plan

Last year the Zionsville Parks and Recreation Department embarked on a comprehensive visioning and update to our park system with the assistance of Rundell, Ernstberger, and Associates. The 5-Year Master Plan is the roadmap to capital and operational improvements within our parks, and invites public input, stakeholder opinion, community polling, and adoption by the Park Board, Plan Commission, and Town Council as an update to the Town’s Comprehensive Plan. Today’s presentation is comprised of the findings and recommendations of the plan for 2023-2028. We welcome any feedback and discussion before we begin the adoption process.

Thank you,

*Jarod Logsdon*

Superintendent of Parks and Recreation
