FIRE OPERATIONS

Monthly Statistics

Calls for Service

Year to Date:

1383 Calls

EMS:

843; 61%

Fire;

540; 39%

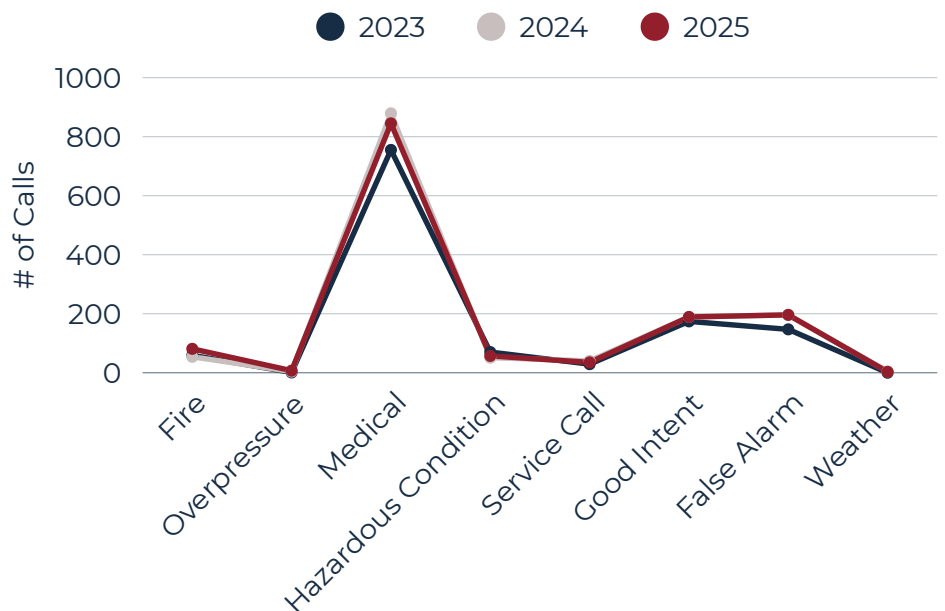

228 Calls for Service

The Operations Division is ZFD's largest division and includes both the EMS and Training divisions under its umbrella. Operations is responsible for ensuring our first responders have the tools, training, and support they need—not only to perform their duties effectively, but also to grow and develop as frontline professionals.

CALLS FOR SERVICE BY TYPE

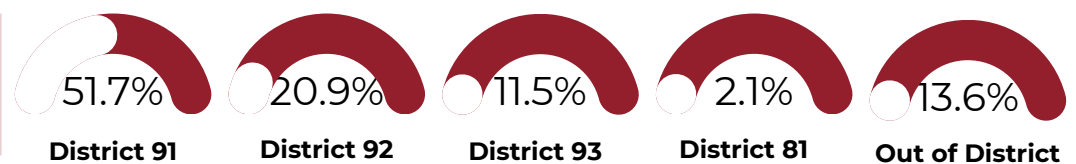

Calls for Service	Total #
Fire	2
Overpressure	0
EMS	147
Hazardous Condition	10
Service Call	8
Good Intent	29
False Alarm	31
Weather	1
Total	228

YTD Calls for Service: 2023-2025

The Zionsville community is divided into four primary response districts: District 91, District 92, District 93, and District 81. In addition to these areas, ZFD also provides mutual aid to surrounding agencies. Below is the year-to-date percentage breakdown of calls for service by district.

YTD: Calls for Service by District

EMS DIVISION

Monthly Statistics

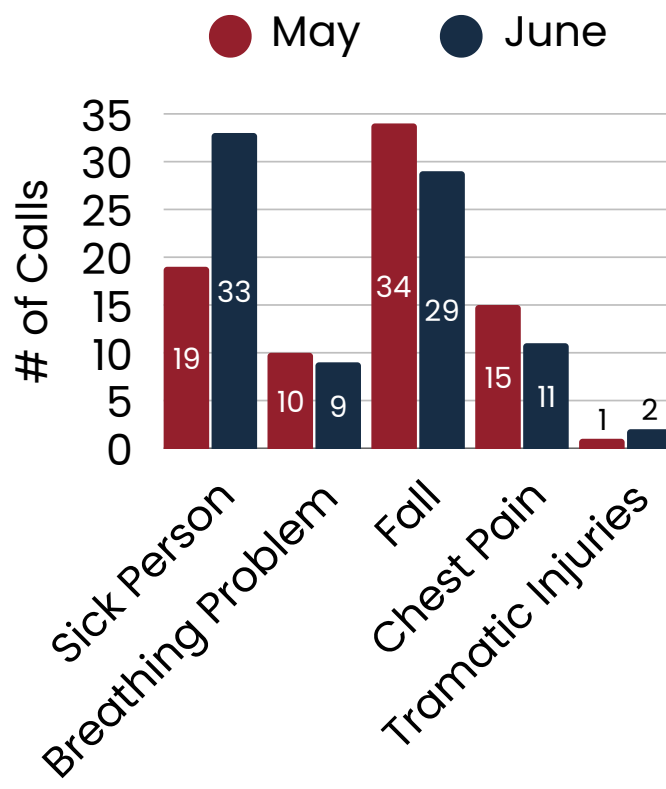

The EMS Division is responsible for training and maintaining medical supplies to ensure our frontline personnel are equipped to provide the highest quality care when it matters most. Below are statistics that highlight the types of EMS calls we respond to, our average response time, and how many of those calls required advanced life support (ALS) care.

Note: Response time is measured from the moment a 911 call is picked-up and dispatched to the time our apparatus arrives at your door.

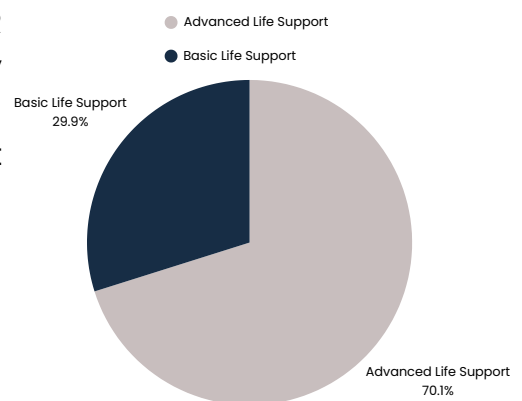

MONTHLY CASE HIGHLIGHT

Well done B-shift 91 for quickly recognizing a stroke patient they had and called a stroke alert to the ER rapidly. The patients symptoms eventually returned while the patient was in the ED, confirming what the crew saw and the patient was able to get the needed care. Well done everyone!

TRAINING DIVISION

Monthly Statistics

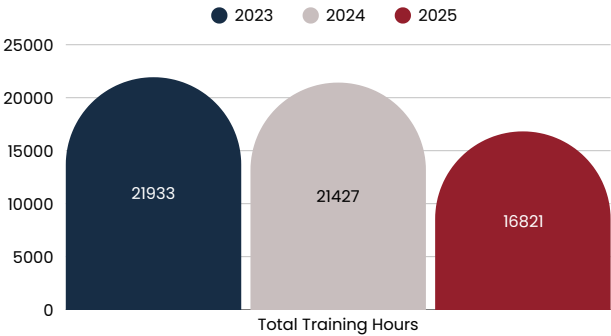

MONTHLY TRAINING HIGHLIGHT

For July, Zionsville Fire Department is once again teaming up with Pike Township to work on Heavy Vehicle Extrication. In addition to extrication training, ZFD will be conducting proficiency testing of members and preparing to begin a Driver Operator and Fire Officer Certification course.

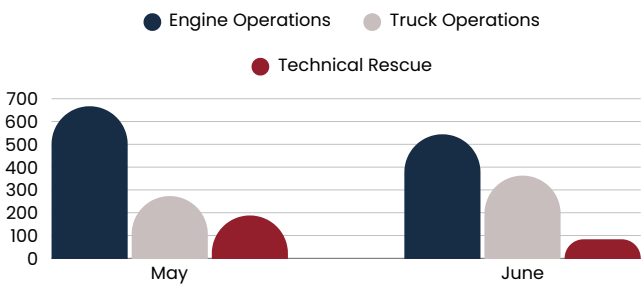

TOTAL TRAINING HOURS: YEAR TO DATE

Year to date, ZFD personnel have dedicated a significant number of hours to training across all divisions. These hours reflect our ongoing commitment to skill development, operational readiness, and providing the highest level of service to the community.

TRAINING BY CATEGORY

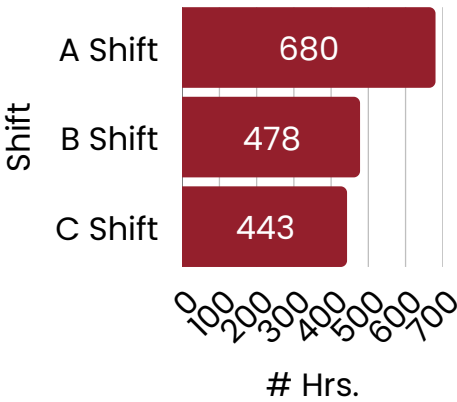

Above is a summary of the types of training ZFD conducted. Training is categorized into key areas: Engine Operations, Truck Operations, and Technical Rescue. Each category is defined as follows:

- Engine Operations includes training focused on tasks such as hose advancement, hose deployment, and forcible entry.
- Truck Operations refers to training involving victim search and rescue, ventilation, and Rapid Intervention Team (RIT) tactics.
- Technical Rescue covers specialized skills like vehicle extrication, rope rescues, urban search and rescue (USAR), and ice rescue.

TRAINING BY SHIFT

Below is a brief overview of the total training hours completed by each shift (A, B, and C) for the month.

FIRE PREVENTION

Monthly Statistics

The Inspections Team conducts reviews of all business structures within the Zionsville community. Their responsibilities include enforcing state and local building and fire codes to ensure safety and compliance. This month, the team completed the following activities. Please see the summary below:
