

Get to know the Zionsville Police Department's REACH Unit

OUR MISSION IS TO PROMOTE A FOCUS ON PUBLIC SAFETY, MENTAL HEALTH, PERSONAL AND COMMUNITY WELLNESS.

The goal is to reduce the risk of injury for first responders and individuals in crisis, reduce and prevent crime, maximize self-sufficiency and improve quality of life.

We do this by working collaboratively with community partners in outreach and neighborhood enhancement to provide a connection with mental health, addiction and social services. These efforts—which prioritize treatment over incarceration when appropriate—are planned and implemented in partnership with community service providers and citizens. The most prevalent approaches for the REACH Unit are police-mental health co-responder teams.

**RESOURCES, EVALUATING, ASSISTING
IN COMMUNITY HEALTH**

The Zionsville Police Department recognizes the need to bring community resources together for the purpose of safety and to assist and resolve behavior crisis issues.

ZPD's REACH Unit is here to help:

- Increase connections to resources
- Reduce repeat encounters with law enforcement
- Minimize arrests
- Reduce use of force in encounters with people who have mental health needs
- Reduce the stigma of mental illness
- Work with its citizens to preserve life
- Maintain human rights
- Protect property
- Promote individual responsibility and community commitment
